SEATTLE, Nov. 28.—Seven heavily armed bandits held up OIL REFINERY IS Office at a crowded intersection in the heart of the city and escaped with a registered mail bag containing \$20,000 worth of negotiable bonds and several thousand dollars worth of checks. A motor cycle policeman following the bank messengers'

limousine was covered with revolvers and handcuffed to his own cycle. Hundreds of pedestrians and motorists witnessed the rob-

who sought to intervene.

their identity. Neighborhood of Victoria to Promote Co-operative Marketing

VICTORIA, Nov. 28 .- A plan of co-operative marketing on the part of the lumber mills of this district is engaging the attention with a view to the establishment of a tumber assembly dock at Ogden Point in the near future. Large orders of lumber it is claimed, can be secured here if it can be assembled under one management so that the purchasers do not have to dicker with every little mill in the district.

The lumber men have been watching the success of the fruit growers and others in disposing of their crops and it is reported to the chamber of commerce that the plan is receiving general support.

Endorses Project VICTORIA. Nov. 28-A strong plea for the settlers who are stranded in the Peace River section and must have transportation facilities, was made in the Legislature yesterday by H. G. Perry, liberal member for Fort George, in moving a lengthy resolution which called upon the Legislature to urge on the Federal Government and directors of the Canadian National Railways the advisability of a searching investigation of the railway route from Prince George to the Peace River area. as affording the most economic means for the movement of grain to the coast and also to open up and develop a greater area of territory having traffic possibilities for Government owned land.

The resolution was unanimously approved by the House.
