FINE CONCERT LAST EVENING

Vocal and Instrumental Solos, Recitations, Calisthenics and Pantomime at Methodist Church

A very fine concert with several novel features was put on in the Methodist Church last night before an audience which completely filled the seating capacity of the main auditorium. The program was divided into three sections, first, a concert of vocal, orchestral and recitation numbers, second a calisthenic display by High School boys under the leadership of Mr. Woodworth, and third, a pantomime. Each division was equally splendid and the whole affair constituted an entertainment which delighted the large crowd present.

Musical Events
Professor Pryce's orchestra provided opening and closing numbers for the first section of the program and the selections were excellently rendered and well received. Mrs. C. Woodworth, accompanied by Miss Marjorie Lancaster, sang sweet contralto solos and Mrs. H. L. Campbell, accompanied by W. Vaughan Davies, delighted in her usual manner. Principal Brady, in pleasing manner, gave humorous recitations well punctuated with his characteristic jokes and Mrs. Fenning was also well received with a recitation. Miss Muriel Grant rendered delightfully a piano solo and an instrumental quartette by Professor Pryce and C. Woodworth, violins, A. J. Lancaster, cello, and Miss Marjorie Lancaster, piano, proved very entertaining. An appropriate number was a selection of Irish Airs played with much spirit by Professor Pryce's orchestra.

The calisthenic exhibition by Mr. Woodworth's High School boys showed much agility and precision developed under expert

and painstaking training. This was followed by a free for all burlesque boxing number which was very original and amusing. The boys taking part were Fred Kergin, Lee Gordon, Will Cavalier, Gordon Kerr, Jack Kask, Felix Batt, Alex. Mitchell and Russell Bulger. Will Kergin coming in in the second part as the village "tough guy."

The Pantomime
The pantomime "Wanted—A Wife," which constituted the third and closing section of the program was something new in the entertainment line in the city and was so well put on that it ought to prove a popular departure. It depicted the comic situations brought up following the placing of an advertisement in a paper by a rough young bachelor for a wife. The leading role of the bachelor was ably taken by S. G. Webb and the prospective wives were Miss Fuller as Miss Swift, Miss Mays as Miss Slow, Miss Georgina Hunter as Miss Prim, Miss E. M. Earl as The Widow, little Miss Beverly Jack and Master Bobbie Irvine as the widow's children, and Miss Dorothy Gillingham as Miss Sunshine, the winner of the marital candidates. Each of the young ladies took their parts in splendid manner and portrayed their humorous characteristics in such a way as to leave little to be desired. The scene was the kitchen of the bachelor and the fun was brought about in the way in which the ladies with matrimonial intent showed their housewifely capabilities. The curtain went down with Mr. Webb smiling delightedly at his capture and Miss Gillingham the laughing and winsome captive. W. Vaughan Davies presided at the piano for the pantomime accompaniments.

Following the performance supper was served to the performers in the social hall of the church.

W. Sloan, the Stewart assayer, was among the passengers on the Prince Rupert yesterday afternoon bound north.

"I Had Bilious Attacks and Stomach Weakness"

Mrs. Wm. Robinson, Yonker, Sask., writes:
"I suffered from stomach and liver trouble, and used to have bilious attacks so bad that I could do nothing for weeks at a time. My stomach would be so weak that not even a drink of water would stay on it. On my sister's advice, I began to use Dr. Chase's Kidney-Liver Pills, and must say that they have made me feel like a new woman."

BOARD COUNCIL MET DELEGATES

Took Up With Hon. T. D. Pattullo, E. C. Gibbons Several Matters to Lay Before Ottawa

The council of the board of trade met yesterday afternoon to discuss with the delegates to Ottawa some of the matters that it is proposed to bring before the government and the railway heads there.

Several of the members placed their recommendations in writing and all of these will be thoroughly discussed by the delegates on the way to Ottawa and with Fred Stork, F. G. Dawson and others on their arrival at the capital before being finally placed before the ministers.

Among the subjects suggested were the formation of a harbor board, somewhat similar to that at Vancouver, to borrow money with which to erect an elevator; the request that the government implement its promises in carrying out the original agreements with the city under which people were induced to come here. Some difference of opinion developed in regard to the advisability of placing a port tax on foreign fish passing through this port and this matter will be left with the delegates to find out what is being done at Ottawa if anything to alleviate the present condition.

The delegation has for its guidance two memorandums prepared recently by the board for submission to the government and the railway heads asking for a number of things here. They will leave tonight for Ottawa and will be joined there by F. G. Dawson who will give them every possible assistance. It is also possible that they may proceed to Montreal to meet Sir Henry Thornton.

Ten Years Ago in Prince Rupert

A delegation headed by G. A. McNicol appeared yesterday afternoon before the Hospital Board protesting against the proposed erection of an isolation hospital on the hospital grounds. The board passed a resolution, after hearing the delegation, rejecting the council's request that the building be erected on the site proposed.

This morning J. H. McMullin, A. H. Allison, A. J. Prudhomme and Dr. H. E. Tremayne, called on Mayor Pattullo with a request that a grant to be made to the Agricultural Association. The mayor suggested that a grant might be made equaling public subscriptions but not exceeding \$5,000.

Mayor Pattullo returned last evening by the Princess May from Vancouver. His trip was in connection with the city's financial affairs and the mission was successful, a wire having been received today that the Bank of Montreal would make the advances which the city has requested.
