ECZEMA

Hands Were Raw
Would Crack and Bleed

Eczema or Salt Rheum, as it is commonly called, is one of the most agonizing of skin diseases. The intense burning, itching and smarting, especially at night or when exposed to heat, are almost unbearable and relief is gladly welcomed.

The pre-eminent success which

Burdock Blood Bitters

has met with in permanently removing a disease of such severity is due to its wonderful blood cleansing and purifying properties.

Mrs. M. H. Willard, Budswell, Jct., Que., writes: "For about three years I had eczema, in a very bad form, on my hands. They were all raw and would crack and bleed so that I could not do my housework. I tried everything I could think of without any results. At last I got a bottle of Burdock Blood Bitters, and when I had it about all taken I could see it was helping me; by the time I had taken five bottles my hands were all well again and I have not been bothered since. I cannot praise Burdock Blood Bitters enough."
