Addressing Masons in Toronto Sir Henry Thornton Connects Canada with World's Problems

Sir Henry Thornton, chairman of the board of directors and president of the Canadian National Railways, who was a guest at the annual "Canada Night" of Zetland Masonic Lodge, held recently in Toronto, laid particular emphasis on the fact that Prince Rupert was one of the great outlets to the west for all of the production of the Dominion of Canada. Sir Henry, in the course of an address, said in part: "This world of ours is passing through critical times. A large proportion of the earth's surface and many of those who people its surface, have ceased

to produce and have become at burden upon the rest of mankind.
