A SATURDAY SERMON

Shall We Pray?

(By Rev. F. W. Dafoe, D.D., First Baptist Church)

As we are nearing the New Year and the time set apart by the Federal Council of Churches for a week of prayer, may I, on behalf of the ministers and churches of the city, send out a soul-searching "call" to leaders and members of every church to take this matter seriously to heart. We address you on urgent business. The church and nation is

Guide to Correspondents

The Daily News welcomes correspondence on live topics of the day or any other subject of public interest, but letters must be brief and to the point. The long-winded correspondent has no place in modern journalism.

Every letter must be signed by the writer, not necessarily for publication but as a matter of good faith and courtesy. All unsigned documents go to the waste paper basket. Letters of a caustic character must have the signature appended for publication.

Letter should be written on one side of the paper only. Correspondents must avoid personalities and the language should be such as would be allowed in the ordinary rules of debate.
