CANADIAN PARLIAMENT WANTS NO TITLES

DEBATE ON SOCIALISM ON ORDER PAPER OF BRITISH HOUSE OF COMMONS

Motion Favoring Titles Voted Down by House of Commons with Conservatives and 3 Others for

OTTAWA, March 20.—The action of the House of Commons last night in re-affirming its stand of 1919 against granting of titles in Canada by a very large majority is likely to prove the final say of the Dominion parliament on this important question. By a vote of 121 to 14, giving the large majority of 107, the House defeated the motion of Leon J. Ladner, Conservative member for South Vancouver, which would have permitted the granting of decorations, save those carrying titles, for distinguished service or high attainment in education, literature, art, and science.

NO TITLES IN CANADA SAYS PARLIAMENT

Motion of Leon Ladner Voted Against Liberals and Progressives

OTTAWA, Mar. 20.—The House of Commons defeated Leon Ladner's motion for the restoration of foreign titles and decorations not involving titles by a vote of 121 to 14 yesterday.

A. W. Neill of Comox-Alberni proposed an amendment restoring all decorations without reservation. The amendment was defeated also.

Hon. Arthur Meighen voted in favor of the Ladner motion but all Liberals and Progressives voted against it.

During the course of the discussion on the main motion, Ladner was asked if he would favor the acceptance by Canadians of decorations from Chinese and Japanese Governments. Ladner said he certainly would. British Columbians had no quarrel with the Oriental Governments but with the nations of low intellectual calibre who reduced the Canadian standard of living and competed unfairly.

FAILS TO MOVE CITY COUNCIL

Delegation Presents Petition Asking For Conciliation Board For Civic Employees

CLERGY TAKE PART

Petition Contains Names of 730 People Who Ask For Further Consideration Wage Question

In spite of a petition bearing some 730 names asking that the city assent to the establishment of a Board of Conciliation on the civic wage dispute and representations made to that end by a delegation consisting of Venerable Archdeacon G. A. Rix, Rev. Dr. H. R. Grant and T. Ross Mackay, the city council once again last night refused to enter into negotiations with the Civic Employees' Union by appointing a representative to the arbitration board which the union has asked for.

Knowing that the vexed subject was to again come up and in anticipation of developments that might occur with the presentation of the petition and the presence of the deputation, there was a large crowd of spectators in the council chamber.

The matter was brought up with the reading of a night letter from F. A. Acland, deputy minister of labor, Ottawa, notifying the council of the application of the Civic Employees' Union for a conciliation board and stating such a board could not be established unless the city council gave its sanction.

Right to be Heard

Ald. Mackenzie and Ald. Macdonald moved that the delegation be heard. A debate ensued between Ald. Stephens and Ald. Macdonald, the former pointing out that the council had already gone on record on the matter and if a petition was to be presented there was a regular way for it to come before the council. As to hearing a deputation on anything on which the council had already gone on record and on which it did not wish to recede, he would vote against it. Ald. Macdonald remarked that if Ald. Stephens knew that the attitude of the council had been against the wishes of the people he might be willing to reconsider his stand. Ald. Mackenzie and Mayor Newton felt that the delegation had a right to be heard.

On the question being put, all the council favored the hearing of the delegation with the exception of Ald. Stephens.

Archdeacon Rix, in presenting the petition to the council, said that it contained 730 names which (continued on page five)

LONDON, March 20.—Socialism throws down the gauntlet to capitalism in the House of Commons tonight when Philip Snowden, one of the leaders of the Independent Labor party, puts a motion denouncing "the capitalistic system" as a failure and proposing that legislation be directed toward its gradual suppression by the substitution of a social order based upon public ownership and democratic control of the instruments of distribution.

This will be the first time in history for a socialistic campaign to be launched in the British parliament in the shape of a direct formal challenge of the existing order and an event to be regarded as one of the most significant happenings in a long time.

All other parties are united in opposing Snowden's motion.
