## MINISTERS STUDYING DIVINE HEALING PLAN

WINNIPEG, June 16.—Forming a group for the study of divine healing, Presbyterian ministers of Winnipeg attended a luncheon class to hear a short discourse on psychology and metaphysics from Dr. George Jack, of Edinburgh, Scotland. This was the first call of its kind on the continent. Dr. Jack explained that his course dealt with the physical part of our being and its relation to the mental and spiritual life. This, he said, made it absolutely apparent that the body was completely dominated in all its conditions by the mental and spiritual forces of life. This basis was the foundation of all mental and spiritual healing. The next step in the course dealt minutely with the functions of the mind in its three-fold aspect—conscious, sub-conscious and super-conscious. He gave his hearers many incidents in his own experience, showing how his thorough knowledge of these laws, which were the real manifestations of divine operations in human life, was of the highest helpfulness to the active ministry.

## MORE STUDENTS IN SABBATH SCHOOLS

Presbyterian Enrollment Increase  
By 8,000 During Year

PORT ARTHUR, June 16.—That Presbyterians still believe in education, and Christian education, is evidenced by the report of its Board of Sabbath Schools and Young People's Societies presented at the General Assembly through its secretaries, Rev. J. C. Robertson and Rev. C. A. Myers and under the chairmanship of Rev. R. B. Cochrane.

A denomination that has for its constituency 4,000 Sabbath schools with over 350,000 teachers, officers and pupils is warranted in stressing its importance and glorying in this field of service among the plastic youth. This total shows an increase of nearly 8,000 in the year. The old-fashioned Sabbath school, has, too, been replaced by one that the pioneers would hardly recognize. New days mean new methods, such as graded schools and lessons, a program of week-day religious education, and the use of Canadian Standard Efficiency Training for older boys, and the Canadian Girls in Training for older girls.

## DID YOU THINK

What the smoke-filled valleys meant to you last year?

What the timber charred, burned, and blackened means to YOUR future?

That the wages paid last year for the tie crop along the Grand Trunk was approximately \$383,000?

That the forest will remain a source of revenue to you if kept green?

Then be careful with fires. Do not destroy your own livelihood.
