**Here and There**

Over a thousand million fish eggs of various species were collected by the Fisheries branch of the Department of Marine and Fisheries during 1921.

Inbound ships from the United Kingdom are averaging 4,500 tons of freight for discharge at Vancouver. Outbound they take about 4,000 tons per vessel. Last year the average outward tonnage was practically the same while the inbound was only about one tenth of what it now is.

Announcement has been made that a Government wireless station is to be erected on St. Paul's Island, which stands in the entrance to the Gulf of St. Lawrence, off the most north-easterly point of Nova Scotia. Two Government wireless engineers have arrived there and are making arrangements for the erection of the station.

One hundred and forty thousand Canadian school boys have been banded into an army of guards to watch for and prevent forest fires in the Dominion this year, according to an announcement made by the Canadian Forestry Association. The new organization, which is known as the Young Canadians' Forest League, will, it is expected, save several million dollars' worth of timber from fire ravages.

That "prospects for increased immigration into Canada are excellent" was one of the most important statements made by E. W. Beatty, K.C., upon his return from an extended tour of England and European capitals. The president of the Canadian Pacific Railway believes Canada is progressing in the matter of immigration, but intensified efforts are essential, he considers, to offset erroneous impressions abroad that Canada does not require new settlers.

A record run between Winnipeg and Quebec was recently made by a special Canadian Pacific train when passengers from the Orient were, through delay caused by landslide, in danger of missing their connection with the C.P.R.S. "Empress of Scotland" at the eastern port. The train covered the 1,579 miles in a little over 36 hours, whereas the schedule time for trains between these two cities is 53 hours. The passengers had crossed the Pacific on the C.P.R.S. "Empress of Russia" and were taking advantage of the 21 day Orient-to-Europe service of the Company.

The United States has invested in Canada \$2,500,000,000 according to the Bankers' Trust Company of New York, which has just completed a survey of Canadian industry and the amount of United States capital invested. Of the total sum invested, \$1,200,000,000 is in bonds, and the remainder in farms, mortgages, small businesses, industrial enterprises, banking and private loans. It is computed that more than 200 branch factories were opened in Canada by United States concerns in 1919, and a great number in 1920 and 1921, and that late in 1922 the number of these came to 700.

A collie dog is reported to have saved the life of a London West girl, while accompanying the child to a nearby store. On the way she stopped on the C. P. R. railroad tracks in the path of a westbound filer. Realizing the child's peril, the dog threw himself against her with sufficient impact to knock her clear of danger, and was cut to pieces by the train before he could regain safety.

The girl's mother tried to discourage the dog from going when the daughter started for the store, but he went, and was the means of saving the child's life, and died heroically as a result.

**VICTORIA SHIPPING LUMBER IN QUANTITIES MANY FOREIGN PORTS**

VICTORIA, Aug. 10.—Six million feet of lumber will be shipped from Victoria to various parts of the world during the present month if present orders are filled according to schedule. Some of this goes to the Orient, some to India and some to the East coast. All the mills are busy and ships are here constantly loading for foreign ports.

On recommendation of the Board of Works, the city council yesterday afternoon decided to call for tenders for pipe and supplies required in making the new water connection to the G.N.R. at First Avenue and Eighth Street. It was also decided to call for tenders for the trenching that will be required in laying the new pipe.

The Union steamer Venture, Capt. A. Johnstone, was in port this morning from 9:15 to 10:15 bound north to Skeena and Naas River cannery ports from Vancouver. The vessel will be here returning south at noon tomorrow. Officers of the Venture report having passed the United States transport Beaver and three submarines in Seymour Narrows. The vessels were returning south to Seattle after a cruise in Alaska waters.

Among local bookings for the south on the steamer Prince George last night were H. R. Smith, D. Kipp, J. Garner, A. Wilson, Mrs. E. Campbell, Miss Richardson, R. Wulf, Mr. and Mrs. A. Fullerton, Peter Black, Jr., Mr. Desbrisay, Miss R. Murphy, F. Miller, Mr. and Mrs. J. Dickson and daughter, J. E. Studholme, M. G. Wallace, C. H. Roberts, E. Smith, P. Jacob for Vancouver; Miss L. M. Ellett for Victoria and Mr. and Mrs. J. F. Duthie and party for Seattle.

E. R. Workman, Stewart mill man, was a passenger for Victoria on the Prince George last night.

Miss Laura Frizzell sailed last night by the steamer Prince George for Vancouver on a holiday trip.

Miss Betty Barrow is sailing tomorrow night by the steamer Prince Rupert for Vancouver where she will spend a holiday.

E. A. Graham and E. O'Brien arrived from Vancouver on the Venture this morning and are registered at the Hotel Prince Rupert.

Miss Mary Astoria and Miss Pulniar Astoria are planning on making a trip to Skagway next week. They will spend a week in the northern town.

J. W. King, mine shift boss at Surf Inlet, was a passenger on the steamer Venture this morning. He is on his way to Vancouver for a vacation.

Peter Morrison, native, pleaded guilty in the police court this morning to a charge of intoxication under the Indian Act and was fined ten dollars.

Robert R. Payne, production manager for the Canadian Fishing Co., arrived at Butedale this morning having come as far north as that point on the steamer Venture which was in port here today.

N. McLean arrived on the Venture this morning from Surf Inlet to enter the local hospital for treatment to his foot which he had badly crushed by an ore car on the Belmont-Surf Inlet Mining Co.'s mine railway. Mrs. McLean accompanied him to the city.

At the Rotary Club yesterday Rev. Dr. Grant referred to the excellent results obtained by the local schools and expressed regret at the loss of Harold L. Campbell, one of the members of the Rotary Club, who had left the city and whose good work had been of great benefit.

A report from the Board of Works recommending that an automatic valve be installed on the city's water main at Shawanans Lake at the cost of \$150 to prevent the flow of water from the lake while the Acropolis Hill reservoir is being repaired was adopted at the meeting of the council yesterday afternoon.

On recommendation of the Board of Works, the city council yesterday afternoon decided to call for tenders for pipe and supplies required in making the new water connection to the G.N.R. at First Avenue and Eighth Street. It was also decided to call for tenders for the trenching that will be required in laying the new pipe.

# 5 Shaving Improvements

for less time—greater comfort

Shaving has been made more comfortable, quicker. Not in just one way—but in five distinct ways!

We want you to know them—as millions of other men now do.

So we offer this test—at our expense.

Back of it is the 18 months' work we spent—the 130 experiments we made—in perfecting Palmolive Shaving Cream for you.

But note the results:

It multiplies 250 times in richest lather.

It softens the meanest beard in 60 seconds.

The lather will last 10 minutes—moist,

effective—if necessary.

The bubbles are extra strong—holding each hair erect to meet the blade.

Your face is left cooled and soothed, comfortable, by the careful blend of palm and olive oils.

That's the kind of a shave you want, isn't it? Make us prove that we have made it possible. You can't lose on this offer.

Post the coupon. Get your first 10 shaves free. Do it today.
