Conditions There Better Than He Ex- Industries Have Been Hampered in Operations Because of Water

The advent last night and this morning of the first real rainstorm in two months is timely for it may possibly mark the end of a period of water shortage on this part of the coast that, continuing much longer, would have had a most serious effect on many industries. Far from bemoaning the ad-Prince Rupert, after an absence of three vent of heavy precipitation, most local months during which time he visited people will welcome it, for the drought Eastern Canada, United States, England, situationn had already become acute. Other industries have

> Peculiarly, the interior agricultural CHINAMAN GETS SIX valley during the past few weeks have had more rain than the coast. Just now rain is not wanted there for much of the hay crop has been cut and is lying in the fields to dry before being taken in. Rain at this time would perhaps mean serious losses.

Fortunately, during the recent dry spell, forest fires have been few. In the interior, on account of recent rains and those earlier in the season, the menac was not so marked as last year. However, the dry spell on the coast was partly responsible for the two serious ago at Anyox and Buckley Bay.

Mr. Gratton made the passage to preciated and the hope is generaly expressed that it will continue.
