

## Will you be One of the 2,000,000?

Ten years ago almost every woman baked her own bread. Today, in most of the United States, the majority patronize the baker

Five years ago almost all washing was done in the home. Today almost 2,000,-000 send their entire family bundle to the · laundry.

And nowhere is this modern method more popular than right here in our own city. If you were to call any day at our laundry, we could show you proof.

Why? Because the service we offer takes all the washing completely out of your home.

Think of it-no laundress to bother with; no water, tubs, and soiled clothes to struggle with. Just a minute at the phone, and your washing is taken off your hands.

We have a number of services for you to select from-telephone and have us explain all about them. Regardless of whether you employ a laundress or do your own washing, you will find this service will save you time, and money, too.
