

Some Day you will own a Victrola

When that day comes, you will realize why there is no other instrument which brings so much pleasure to so many people at so little cost.

Victrolas are manufactured complete in one factory, the largest plant in the world devoted to the manufacture of a musical instrument.

The Victrola represents more than twenty years successful research and experience. The New Console Model as here illustrated—at from \$135.00 upwards—is one of the finest achievements of the 20th century. Write or ask for a complete catalogue describing in detail the entire line. Also sold on easy payments.

System Run Down Blood Out of Order

Many people become run down, but don't know just exactly what their trouble is, when, as a rule, it is improper circulation of the blood.

All they need is a good tonic to build up the system and put the blood into proper shape.

For this purpose there is nothing on the market today to equal

BURDOCK BLOOD BITTERS

It regulates the stomach, liver and bowels, purifies the blood and tones up the entire system.

Mrs. H. Poole, Port Dover, Ont., writes: "My system was run down and my blood out of order, and I suffered a great deal from pains in my head which made me feel very miserable. A friend told me to try Burdock Blood Bitters, so I got a bottle and before it was used I found it was doing me good. I kept on until I had taken three, and now I feel like a different woman."

My husband also took it and it has built him up."

For the past 44 years B. B. B. has been manufactured only by The T. Milburn Co., Limited, Toronto, Ont.
