Gulbransen Trade Mark

*At the End of a Day*

As the roll unwinds, music works its magic. Gone are the cares of a work-a-day world. A dear old tune touches the chords of tender memory—brings back boyish dreams—stirs the fires of inspiration.

Whatever your mood as you sit down before the Gulbransen registering piano you find it sympathetic, responsive. For it is as ready to reflect the exuberance of youth in the latest and gayest of popular tunes as it is to free the majestic music prisoned in the score of a composer's masterwork.

We invite you to our store today and try the Gulbransen registering piano. A few moments will reveal the pleasures it offers. We will gladly explain the advantages of its many exclusive features.

## WASHINGTON MAY HAVE NEW CITY

**Great Water Power Project Planned for Columbia River East of Seattle**

SEATTLE, Wash., Dec. 31.—A city of 50,000 persons engaged in electro-chemical industries may rise on 6,000 acres of sagebrush beside the Columbia river, to exploit water power rivaling that of Niagara Falls, if success follows plans referred by the Federal Water Power Commission in Washington, D.C., to Colonel W. J. Borden, army engineer for this district.

Such a city would stand at Priest Rapids, Wash., 150 miles east of Seattle, on the other side of the Cascade mountains.

A subsidiary of the General Electric Company has applied to the commission for a license to construct a dam two miles long and 90 feet high, a dam declared here to be in blueprint half again as long as the barrier across the Mississippi river at Keokuk, Iowa. It is proposed to develop 750,000 horsepower from the rapids, besides irrigating 100,000 acres of land in eastern Washington now devoted to sagebrush and bunch grass, but capable, according to experts, of yielding unsurpassed fruits and crops under irrigation. The soil is volcanic lava, ground to powder by age-gone glaciers.

The cost of the power development is put in the application at $41,000,000, and the cost of building the city at $12,000,000.

### HIGHLANDER OFF DOCK

The Canadian Government Merchant Marine freighter Canadian Highlander, Capt. Fisher, came off the dry dock at 2 o'clock today and proceeded to the lumber assembly wharf to load hemlock and spruce squares and boards for Japan.

## Here and There

Sixty per cent of Hamilton's population own their own homes, a fact revealed by the figures of the 1923 assessment for the Ontario city, which, according to these figures, has 26,259 dwellings and 427 apartments.

The great flour movement over the wharves at Fort William and Port Arthur this season has been unprecedented, according to reports of the Canadian Pacific Railway, which, by the end of October, had shipped 239,085 tons of flour to lower Lake ports.

Port Arthur's building permits for the ten months ending October showed a total of $2,632,355, which is the biggest building year in the history of this Ontario city, exceeding even the total for 1921, one of the real estate boom years.

Canada exported $4,778,000 worth of cheese to various countries during the month of October, an increase of $1,224,000, over the total value of cheese exported in October, 1922. The United Kingdom was by far the largest consumer, taking 215,000 cwt., valued at $4,634,900.

According to an announcement of Hon. E. H. Armstrong, Premier of Nova Scotia and Minister of Mines, the coal production of his province for this year will reach at least 6,200,000 tons, an increase over last year's production of 4,642,196 tons of more than 1,500,000 tons. The outlook for 1924 is encouraging.

The Prince of Wales, unless interfered with by affairs of state, intends to make annual visits to his Alberta ranch, William Carlyle, superintendent of the E. P. Ranch, told the members of the Canadian Society of Technical Agriculturists in addressing them at Toronto recently.

Fur traders in the distant parts of Alberta, Saskatchewan and British Columbia, ordinarily weeks and months from mail service, are now getting regular quotations on furs from the Calgary Herald's radio broadcasting service.

The annual winter carnival at Banff, which is yearly becoming more popular and is attracting sporting enthusiasts from all parts of the continent, will be held February 2-9, 1924, while the Banff annual bonspiel will take place February 4-9.

According to estimates made by the Rt. Rev. Dr. G. Exton Lloyd, Bishop of Saskatchewan, that province has room for another empire north of Prince Albert and North Battleford. The bishop has just completed a six weeks' tour of the limits of settlement in his diocese, covering 2,400 miles, and estimates that homes and livings for 250,000 could be provided in the country referred to.

The adverse balance of grain shipments through Canadian as against United States ports is being steadily reduced, according to statistics compiled by the Marine Department. In 1916 only 91,082,702 bushels of Canadian grain were shipped through Dominion ports, where as 165,949,989 bushels were shipped through the States. The figures for 1923, up to September 1st, on the other hand, show that Canada now ships nearly half her grain through her own ports. During this period the amount registered has been 103,548,485 bushels despatched via Canadian ports and 120,628,438 via those of the United States.

The fire department responded to a call at 8 o'clock last night to the home of Sid Thompson, 232 Second Avenue. Considerable smoke had blown into the rooms from stove pipes but there was no actual fire.
