Leagues Getting Ready for Season; Social News of Granby Camps

ANYOX, May 12.—In the first round of the billiard matches played between representatives of the Elks and Community League, the Community League players had a lead of 233 points. In the second round, however, this lead was wiped out by the Elks getting a tally of 4000 to the League representatives 588. The total scores at the finish were Elks, 1720, Community League, 1541, a difference of 179 in favor of the "Brother Bills." The individual scores of the second series, which was played at the Elk's Hall, were as follows: Elks, W. Robertson, 250; J. Ellis 250; W. Jones 256; D. McKenzie 250. Community League, F. E. Townshend 136; E. Groucher 52; E. Morning 157; G. Williscroft 243.

On account of the non-arrival of equipment for the Elk's football team in time for the opening game of the Anyox Association Football League, which was to have been contested by the Elk's and Mine teams, Tuesday, May 8, this game was postponed until such time later in the season as the Executive of the League shall decide.

The first baseball blood of the season will be drawn on Sunday evening when the two nines from the Mine will assemble on the local ball lot and attempt liberties with one another's ball playing abilities. The meeting has been talked of for a long time, even before the snow began to disappear, and the very first opportunity to cross bats has been taken advantage of. A team representing the surface workers will do battle with a team from the underground gangs.

The Anyox Baseball League is all ready for the opening of the season on Monday, May 14. The three teams constituting this League are eager to go, and on their practice form any one of them may win the opening games. Some new blood will appear in local uniforms, but at present is an unknown quality. The batteries will be practically the same as last year, the Mine using the Ferguson brothers Cecil and Jim in the box, with Geo. Corkle and Geo. Greenwell as change catchers. Greenwell was change catcher for the smelter team last year, which will have Ben Fitzpatrick of last year's staff and a new man, McKeown, whose brother will do the catching for the "Gas Eaters." Pete Braundson, old standby of the Elks for several seasons, will be on the mound as the leading twirler for the antlered herd. The teams differ but slightly from last year's line-up, with the exception of the Smelter aggregation, which has a number of players trying out who are strangers to Anyox fans.

Apropos of Anyox and ball-players. Being a good ball town, a fact which is naturally noised about, a number of boys representing themselves to be ball players have drifted in here this spring, expecting to find their services as ball tossers at a premium, or worth a well-paid position. There are no well-paid, soft seats for ball players in Anyox, and it would be just as well if it were noised abroad that they are not essential if they are not capable of delivering the goods on the job. In other

words, the only ball players in the matter of designing dresses wanted here are the kind that ses appropriate to such an occasion.

Vernon Seidelman, a popular young man about town was a passenger south on Thursday. A traveller by the same boat was Miss Betty Baxter. It is rumored that the wedding will take place in Vancouver shortly.

Negotiations are under way for baseball and football games with Stewart at that town on Empire Day. If satisfactory arrangements can be made, this will be done, the teams leaving here on May 23, returning May 25.

The Anyox Parent Teachers' Association at the regular monthly meeting held in the High School assembly room, unanimously endorsed the proposal to amalgamate with the British Columbia Federation of Parent Teachers, and steps to this end will immediately be taken. The will be drawn on Sunday evening when the two nines from the Mine will assemble on the local ball lot and attempt liberties with one another's ball playing abilities. The meeting has been talked of for a long time, even before the snow began to disappear, and the very first opportunity to cross bats has been taken advantage of. A team representing the surface workers will do battle with a team from the underground gangs.
