## MILITARY REVOLT BREAKS OUT IN SPAIN

### FIRST NIGHT PASSES IN THE ORIENT WITHOUT EARTHQUAKE SHOCKS FELT

#### Rebels Seize Barcelona and Movement Likely to Spread; Directed Against Government

MADRID, Sept. 13.—A military revolution has broken out in Barcelona and seems likely to spread throughout Spain. Word has been received here that the army officers of Barcelona have revolted against the government and that martial law has been declared. The rank and file of the army has joined in the revolt but the navy personnel is quiet.

BARCELONA, Sept. 13.—A state of seige was proclaimed here this morning and military authorities took possession of the reins of power in the city. It is believed the revolutionary movement will signalize the outbreak in other towns of Spain.

MADRID, Sept. 13.—King Alfonso returned to Madrid this morning. The station is surrounded by troops and every precaution is being taken to prevent any unauthorized persons having access to the vicinity.

MADRID, Sept. 13.—The telegraphed Captain General Rivers of Barcelona, considered the leading spirit in the revolt movement, appealing to his patriotism and asking him to abandon his "attitude of rebellion." He replied with an unqualified denial of the request. The government thereupon decreed his demotion as military governor of Barcelona.

Against Government  
BARCELONA, Sept. 13.—In a statement issued by the military in taking over power here, it is declared that the movement is loyal to the King being directed not against the sovereign but against the government. The movement has not met with difficulties in the Catalan region but its fate in the rest of Spain is not yet definitely known.

#### BRITISH EX-SERVICE SETTLERS FOR CANADA

F. C. Wade Writes London Times in Regard to Method of Overcoming Difficulties

LONDON, Sept. 13.—F. C. Wade, agent general for British Columbia, writes to the Times pointing out the disappointing results of the soldier settlement act in Canada so far as British ex-service men are concerned despite its generous provisions.

Mr. Wade suggests as a remedy that difficulty is found in the inability of the Imperial ex-service men to contribute 20 per cent of his total loan as required under the Empire Settlement Act. He says he thinks that if the provisions of the two acts were blended many unemployed British ex-service men would find comfortable homes in Canada.

With the baseball final between Anyox and Prince Rupert being staged at 3.30 this afternoon, a record attendance is expected on the grounds today.

#### Shipment of Canned Salmon will be Sent from Here on Canadian Skirmisher for Japan

At the meeting called for last night in the city hall to discuss the advisability of sending aid to the Japanese sufferers from the recent disaster, it was decided to raise money by public subscription and with the proceeds to ship canned salmon purchased in the district and get it away on the Canadian Skirmisher about September 20. The Japanese in this district have already collected \$1,500 for the same purpose and the city council has set aside \$500 which will also be used in the same way.

Those present at last night's meeting were Mayor Newton, Alderman Perry, E. C. Gibbons, Rev. Archdeacon Rix, Rev. G. G. Baeker, Douglas Stork, Norris Pringle, and M. M. McLachlan, Mr. and Mrs. Brady, H. F. Pullen, Fred Scadden, Clarence Oshatu, secretary of the Japanese Association and M. Mochida.

Mayor Newton explained the object of calling them together. He thought they might seek the co-operation of the various organizations in the city.

Archdeacon Rix said there was nothing that appealed to the people of Prince Rupert more than to come to the aid of people in the time of disaster such as at present. He proposed that the Board of Trade should undertake the collections aided by the other organizations. They would be a central committee.

E. C. Gibbons, president of the Board, said they were all willing to dig in and help but he did not know if the Board would undertake the responsibility of managing it. They would have to be consulted. He suggested a committee from the various organizations. It was not in the line of work of the Board of Trade which was a purely commercial organization.

#### GYROS TO HELP

Douglas Stork explained that he and Norris Pringle and M. McLachlan had been delegated by the Gyro Club to attend the meeting and to pledge the support of the Gyros to the campaign. The situation in Yokohama is still appalling. Thousands of people are encamped in the parks with very scanty supplies of food and water.

Three days were needed to cremate the bodies taken from the Sumada River which flows through Tokio. Hundreds of bodies are still floating in adjacent rivers and bays.
