CONSERVATIVE LEADER CRITICIZES GOVERNMENT AND EXPLAINS POLICY

(continued from page one)

on mining and oil properties should be lifted. The country was financially in a bad way but it could be redeemed and there was only one party with any following which could do that—the Conservative party. His experience and ability was at the disposal of the people. He would gather round him the strongest possible men and he asked that they be returned to office.

In his opening remarks, Mr. Bowser referred to the promise locally of a hotel, an elevator and a road up the Skeena River. The present member had been representing the constituency seven years and it was only now on the eve of an election that he was going to build a motor road. He hoped the road would be started, as in that case it would be the pleasant duty of himself to carry it to completion. He never said anything he did not intend to carry out.

Zam-Buk Saved me a lot of money"

writes Mr. R. Howard, Sr., of Bracebridge, Ont. He continues: "Four years ago I sustained a scratch on my leg, which turned to an ulcer. I was confined to my bed for six months under doctors' treatment, during which time I did not earn a cent, and in addition, spent dollars upon dollars before a cure was effected. Recently I sustained a scratch on my other leg. It became very inflamed and swollen, and finally turned to an ulcer. This time, however, I knew about Zam-Buk, and I acted very differently. I used Zam-Buk alone, with the result that not only was the ulcer healed in much shorter time than the previous one, but I was able to go to work all the time it was healing, and I did not lose a single day's pay. I sincerely hope that my experience may be the means of showing other working people the great healing value of Zam-Buk and of saving many from needless expense and unnecessary suffering." Zam-Buk is just as good for eczema and all skin diseases, ringworm, boils, piles, cuts, burns, etc. 50c box, 3 for \$1.25, all druggists, or Zam-Buk Co., Toronto. There was on July 7 last \$2,223,000 owing to the Bank of Commerce. The Liberals had deceived the electors in 1916. They had said they would put him where the dogs did not bark but like Johnny Walker he was still going strong.

In referring to the liquor policy of the Government he told of the large number of brands of liquor now kept by the vendors. They remembered the good old days when with a foot on the rail a man in white with a diamond on his finger and diamonds on his tie faced them. Half a dozen brands were enough then but now that Oliver was chief bartender 64 brands were found necessary.

R. H. Pooley

R. H. Pooley, member for Esquimalt dealt chiefly with the liquor probe before the public accounts committee during the last session of the legislature.

He claimed that money was being wasted and asked how long the province could stand it. He dealt with the various merits of Spey Royal, Roderick Dhu whiskey and Bonvino port, and seemed to object strongly to the present purchasing agent of the Government. He said a decent, honest man was needed to lead the Government, not McRae. There was not a man to be seen in Victoria who supported McRae.

R. H. Pooley, M.P.P., Mr. and Mrs. W. Cairns, M. Corkill, L. A.

the close three cheers were given for Mr. Bowser.

The defeat of British Women Lawn Tennis champions in the United States has started a controversy as to why Britain is losing its old sports supremacy. The sports writer in the Daily Graphic insists that the British are still as "sporting" as they always have been, and that their defeat in lawn tennis and cricket lies in the specialization adopted by America and to an extent Australia. A lawn tennis champion in the States eats and thinks and sleeps lawn tennis. It is his whole topic of conversation and his intellectual horizon has the same limit. Outside tennis he is uninterested in any form of sport. He plays to win—and to win alone. Meanwhile the Britisher, it is argued, has a general all-round interest, and that while a Yankee confines himself to one department the Britisher will strike a very decent average all round, being able to hold his own in tennis, cricket and football—not to mention swimming. Climatic influences also have to be taken into account, and just as Mrs. Mallory in the comparatively heavy air of Wimbledon was below her form, so Miss McKane in the dry atmosphere of New York is off her stroke.

As no tenders were submitted in answer to the city's call for ditching in connection with the laying of water pipe on First Avenue to make connection with the C.N.R. ocean wharf, it was decided by the city council last night to make a temporary connection across First Avenue at Eighth Street and to again call for tenders. The railway company is at present laying its pipe and will be ready to connect with the city in a fortnight's time.

A letter from the Canadian National Railways stating that the Grand Trunk Pacific Development Co. was in the hands of a receiver and that, instead of paying cash, a land donation might be made towards the cost of the road running out of the city passing through the company's land in Section 9 was received by the city council last night.
