DAM TO BE READY BY MIDDLE OF NOVEMBER

Concentrating Plant to be Roofed Over Before Snow Flies at Anyox It is Expected

ANYOX, Oct. 20.—It is now definitely assured that the Eastwood Multiple Arch Type Dam, which has been under construction for some time, will be completed shortly and all the equipment should be off the ground not later than the middle of November. Work on the big concentrator and crushing plants is progressing favorably, and if the weather man is only kind for a short time longer, the concentrator will be roofed over before the snow flies in spite of the July fire, which set things back so badly.

Work of clearing up the stumps and snags in the vicinity of the town has commenced, and the entire area between the high line railroad and the Mine road will be logged, piled and burnt, as well as the section east of the Mine road and in the vicinity of the new school. This should pretty well eliminate any chances of a repetition of last summer's fire experience.

MOOSE DANCE WAS ENJOYED AT ANYOX

First Event of New Lodge Provided Excellent Entertainment for Amusement Seekers

ANYOX, Oct. 20.— A capacity crowd attended the Moose dance at the beginning of the week, when the members of the newly-instituted Anyox lodge made their initial bow as dance hosts to the amusement seekers of Anyox. During the evening many compliments were paid the members of different committees on the way in which the affair was conducted. W. Clayton and his assistants came in for special mention for the quality of the "eats" as well as for the manner in which the big crowd was fed. Jack Sherman was master of ceremonies and E. Simpson was floor manager. The dance, refreshment and music committees included Mesdames Cross, Gill, Green, Rice, Hart, Grimaldi and Foxley; Messrs. Cross, Stanley, McGuire, Varnes, Clayton, Gill, Sherman, Simpson, Foxley, Spragg and Hart.

On Wednesday evening basketball enthusiasts got together in Recreation Hall and discussed ways and means of organizing for the coming season. It was agreed that the three leagues, Ladies, Senior and Intermediate, should be controlled by one governing body, to consist of a president, vice-president and secretary-treasurer and one representative from each league, with an arbitration board to dispose of all arguments also to be appointed. A further meeting for the election of officers was called for Wednesday evening, October 24 in Recreation Hall.

The output of Hidden Creek Mine from October 1 to Oct. 8 inclusive was 20,451 wet tons.

At the Coke Plant from October 2 to October 8 inclusive there were 1,535 short tons of coal charged and 1,000 short tons of coke produced; 3,571 imperial gallons of light oil were recovered as well as 9,210 imperial gallons of tar, while 13,225 lbs. of ammonium sulphate were manufactured.

At the smelter from October 1 to October 7 inclusive, 19,241 wet tons of ore were treated at Anyox. This tonnage was made up as follows, Hidden Creek ore, 18,243 wet tons, outside ore, 998 wet tons. Average price of copper for the week, 13.0835c.

Basketball and badminton will be popular at Smithers this winter and the athletic club of that town has already placed orders for the equipment necessary for the conducting of the games. The dance floor in the town hall will be the venue of the matches and some interesting contests are in store for the fans there because there is plenty of well matched talent. While these two games will no doubt enjoy good patronage and popularity, hockey fans are also confident that the knights of the rubber disc and curved stick will lose none of their followers. Many improvements are to be made to the rink at the railway town and the playing material on hand it is confidently expected will uphold Smithers' honors of the past.

With the big race but 24 hours distant, it had not been decided yesterday afternoon in New York whether Zev or My Own would meet Papyrus, the British Derby winner, in the $100,000 international race at Belmont Park today. Events leading up to the race and the selection of the American contender have stirred up no end of bad blood in United States racing circles. While Zev, the horse of Sinclair, the oil millionaire, was up to a short time ago considered the logical opponent for Papyrus, the admirers of My Own, Admiral Grayson's horse, became more and more clamorous to have the last-named selected. At least they wanted a trial between the two, the winner thereof to be allowed the honor of meeting Papyrus. The dispute developed into a clash between the naval and military element of the United States backing My Own as against the civil population backing Zev. The New York Jockey Club, which had the final say in the matter, was confronted with the fact that the owners of both horses were prepared to take part.

Championships may come and championships may go but there is one championship record just recently established which is unique in many respects. It is also a championship of which the owner is not proud, recognition of which he did not seek and which carries with it no gold medal nor massive silver cup. The champion in question is Joe Mellis, of McLeod River, and he is the champion game law breaker of Alberta, as declared on Tuesday last by no less competent judge than F. U. Laycock, J.P., of Edson. First, Mellis was fined $10 and costs for not having a resident bird game license. Then he was fined a like sum for not having a resident trapper's license. Next he was mulcted another ten and costs for not having a big game license. The ante was then raised for three further offences, viz.: Killing ruff grouse out of season, $15 and costs; illegal possession of muskrat pelt out of season, same penalty; illegal possession of parts of a deer out of season, another $15 and costs. Grand total, $75 and costs, all of which the accused paid in cash.
