Slaughtered Ducks

If duck shooting you would go you could not get a better partner than Geo. Holborn. George was out with his power boat Tseekwa during the week as far as Dennis Arm to do a little duck shooting. This made the fourth trip of the season. After a lot of hard shooting and cussing Cap got four fine ducks. Upon figuring the matter out, George found that four ducks divided into four trips equalled a duck for each trip. At any rate the hunter got lots of fun out of it and is perfectly happy.

"Keyhole" Hanna has taken a position on the Canadian Fish & Cold Storage Company's steam trawler G. E. Foster, Hanna made his maiden voyage on the vessel on Thursday when the trawler hit out for the high spots.

More Boat Building

Capt. Khort, on the bridge of the "Just It," arrived in port on Wednesday morning with a big yellow cedar crook aboard. This points to the fact 'that Cap is going to engage in the boatbuilding during the winter months and doubtless a new "Just It" will be taking shape on the Bone Yard Creek ways in the very near future. Cap is a humdinger at Building boats and he threatens to put all the other boats in the clear when his next venture is completed.

There was an old skipper named

A man very fond of his grub, While eating some skate He swallowed the plate, And now he is feeling the rub.

The native power boat Katie arrived in port on Thursday morning from Kitkatla to take on winter supplies and make mechanical changes.

The C.N.R. steamer Prince John on Thursday brought 100 tons of cement for the Albert-McCaffery interests.

The launch Joy Bird, Capt. Jimmy Thomas, has been busy during the week towing scows from the Georgetown wharf to (continued on page six)

How You May Secure Independent Income

Plan to enjoy your later years in independence. Ninety, seven out of every one hundred people at the age of sixty-five years are dependent, in whole or in part, upon others for support. Don't be one of the ninety-seven.

You may provide yourself on very easy terms with a Canadian Government Annuity.

These Annuities may be of any value from \$50 to \$5,000 a year. You may begin purchase at any age, but the earlier you begin, the smaller the payments.

For instance, a man who at the age of thirty years commences paying at the rate of only sixteen cents a day, and continues these small payments up to the age of sixty-five years, will then be entitled to receive an income of Five Hundred Dollars a year, to last as long as life, even though that passes the century mark.

There are Plans of Purchase by which you may protect the interests of your wife or dependants. In any event, if you die before reaching the age when the Annuity begins, your heirs will receive all that you have paid in, together with 4% compound interest. No medical examination is required.

For full information, fill out this coupon and address it as directed. No postage necessary, as it is Canadian Government business.

Mail this Coupon—No Postage Needed

Should a woman endure this?

Is it fair to ask a woman to bear more than a man-to submit to the heavy drudgery of washday and the unwise exposure to cold and chilling winds?

Certainly it is no longer necessary. For a very nominal charge—less than it would cost you at home when you count your own time-we will call for your bundle and do your entire washing, and any part or all of the ironing.

A phone call will bring our representative who will explain in detail our many washday helps.
