MORE IMMIGRATION URGED IN STATES

Agitation for Lowering Barriers
is Going on in Different
Parts of Country

WASHINGTON, May 15.—(By Canadian Press.)—Restriction of immigration into the United States promises to become one of leading issues before Congress when it meets again. On the surface of things, it does not appear probable that the immigration laws will be made less strict than they are, although the present restrictions are having effects which will inevitably increase the agitation for more liberal policies.

One of the latest phases of the operation of the 3 per cent law on which emigration is being made is that it has served to decrease unemployment and increase wages in such fashion that a large amount of Canadian artisans are said to be obtaining employment in large numbers this side of the border, with the result there is already some complaint in Canada.

Recently there have appeared reports that negroes in the southern states are moving north, out of the cotton and tobacco fields, in large numbers, drawn by promises of work at good pay. These reports have not, however, set forth the real reason for this movement. Persons familiar with conditions in the south say it is due to the immigration laws and the curtailment of the available labor supply in this country, especially in the northern industrial states.

Criticisms of the immigration laws by such men as Judge Gary, head of the Steel Corporation, and other great corporation heads will not move Congress to amend the laws and let in more immigrants. But the movement of negroes out of the cotton fields, if it continues, may result in a complete change of program. It is an interesting fact that southern men in Congress have been most pronounced in urging drastic restriction of immigration. But if the south's labor supply is cut into seriously as a result of it, one may expect an about face. It is by no means inconceivable that the vote in Congress from the south will before long be added to the vote of members from the great manufacturing and industrial states in such a way as to force a relaxation of the immigration restrictions.

The votes to relax the immigration laws cannot be counted now but a shortage of labor in the cotton and tobacco regions may speedily alter the outlook.

SENTENCED TO READ PILGRIM'S PROGRESS

PHILADELPHIA, May 16.—For driving an automobile while intoxicated, C. Haviland Scott was sentenced to remain in jail until he had read and studied "Pilgrim's Progress." Scott told the judge that "Trouble" and "Doubt" were his companions when he was arrested. The judge, after remarking that these "personages" were symbolic characters in Bunyan's work, decided to compel the prisoner to study the book.

SMITHERS

The Union Church congregational meeting last week resulted in William Mitchell being re-elected as treasurer, J. Roberts as secretary, and D. C. Sangster and George W. Smith as stewards. Mrs. C. L. Dimock has been elected president of the Ladies' Aid.

A monster bear, which was roaming the woods near Evelyn for the past two years, was shot last week by Walter Peterson.

Hospital Day was observed here with a shower of provisions for the Bulkley Valley district hospital.

Archie McPhail, son of Mr. and Mrs. McPhail, of Burns Lake is recovering from an operation for appendicitis performed at the local hospital.

A nurses' home has been opened in connection with the Bulkley Valley hospital and citizens have been very generous in their donations for its furnishing.

Jane Ashman left last week for Nelson where he will spend some time visiting.

Sport Chat

The trout fishing season is now on in full swing and good catches have been reported from Khatada, Mile 21, Shawatians and other favorite haunts of local anglers. The Bryant party last week-end is said to have been the first to go to Khatada this year. There have been several out to Mile 21 and Shawatians draws a few each week-end. George Bryant was very wrathful over the discovery at Khatada that the camp there had been stripped of equipment and supplies by thieves. Any persons, native or white, who were responsible for the depredations, unknown or not, have earned the hearty condemnation of local patrons of the lake with their unsportsmanlike misdeeds.

The Telkwa Jockey Club has provided an excellent program for the annual celebration at the hub of the Bulkley Valley on May 24. The fun will start off at 1:30 in the afternoon with a baseball game and will wind up with a grand ball at night. Between these events the race meet will take place and the card is filled with several new numbers that will make an unusually interesting program. The event will be staged on the new grounds and tracks which are now in first class shape. There are six horse races set down, the climax being the Telkwa Club feature, a one-mile open. Cash prizes are hung up for all the races.

New York clubs are away out in the lead in both the American and National Leagues. At the end of the week, the Giants had a margin of nine games over the Pittsburgh Pirates for a percentage of .789, and the Yanks had four games over the Detroit and Cleveland tied in second. Philadelphia is occupying the cellar in the National League and consolation prizes are now in order for Boston in the American League.
