Value To Country Of Parish Church.

At the Catholic bazaar last night Hon. Ernest Lapointe spoke of the value of the parish church in the life of the country. He coupled with it the value of co-operation and instanced the progress of Quebec where in each parish the people were united under a parish priest.

In the west we are not a church going people and yet no one would wish to remove the churches from the community. They are the centres from which radiate better influences which crystallize into forces that move the country.

No one can exactly gauge how much we owe the churches in the life of the country. We can only guess. Of what we are sure is that no community would like to be without them.

Election Talk Is Premature.

Premier Oliver says the talk of a provincial election is premature. There is no proposal to appeal to the country just now. As a matter of fact there is no issue on which to appeal to the country just at present. Everything is going well. The interests of the constituencies are being served by the members now representing them and an election just now would be quite unjustified in view of the cost it would be to the country and the manner in which it would unsettle business.

When the Legislature decided to extend the period during which they could sit from four years to five, it was with a desire to bring about greater stability and to prevent the too frequent recurrence of elections. If some momentous issue arises, then it is the duty of the premier to ask the Lieut.-Governor to dissolve the legislature and take a vote of the people. There is no such momentous issue at present. Conditions have steadily improved since the last election and will continue to improve. An election some time in the year 1925 would meet all legitimate demands. There seems at present no good reason why the people should be put to the expense of an election earlier.

Centralization Of Public Schools.

Some years ago the public schools were managed and financed from Victoria. Teachers received their monthly checks from the minister of education and the local school boards had little to do. The McBride government wisely made a change. They decided it would be better for the local committees to take more interest in their schools. They had to pay for them anyway directly or indirectly and they should have more financial responsibility. That is the government policy today. It is a carrying on of the McBride policy in the matter of finance. The municipalities have to raise a portion of the money required, the province contributing a certain amount for each teacher employed.

The Union of Municipalities feeling the burden of municipal taxation asked for a reversion to the old system. That the government refuses. The money has to be raised and the people who live here will have to pay for the schools here, no matter whether it is raised by the school board, the city council or the provincial government. There is no shifting of the burden. If we get the benefit we have to pay for it. It would be unjust to do otherwise. The present system may not be perfect but it is better than a system by which all the local institutions would be managed from Victoria.

"I Had Terrible Backache From Kidney Disease"

Mrs. M. A. McNeil, Coan Sta., N.B., writes: "I was troubled for years with terrible backache, resulting from kidney disease. At times in each month I remained in bed, the pain was more than I could stand, and to walk was almost impossible. I used about \$50.00 worth of other medicines, but with little results. Now I am completely better, after using only five boxes of Dr. Chase's Kidney-Liver Pills."

Ten Years Ago in Prince Rupert

October 18, 1913.

Baron von Seher Thoss, Baron von Hohenvert and Baron von Lutwitz, wealthy German investors, arrived from the south on the steamer Prince Rupert this morning and proceeded by train to Hazelton where they will investigate the possibility of a colonization scheme for that district. They were accompanied by Mr. O'Kelly, G. C. Palmer and H. Price of Vancouver.

The Board of Trade has decided to establish a permanent exhibit of minerals and other resources of Central British Columbia and will rent a large store in the Westenhaver Block on Second Avenue for the purpose.

There is quite a discussion taking place through the columns of the Daily News between Mayor Pattullo and Ex-Ald. Hamilton Douglas as to whether or not last year's council left a deficit for the present one to take up. Mayor Pattullo says they did and Ex-Ald. Douglas says they did not.

FORMER LOCAL GIRL MARRIED AT SEATTLE

Announcement Received of Wedding of Miss Irene Gamp, Daughter of Mr. and Mrs. H. E. Gamp

Announcements have been received in the city of the marriage of Miss Irene Charlotte Gamp, daughter of Mr. and Mrs. Gamp, Mount Vernon, Wash., to Joseph Marshall Hatfield at the home of the bride's parents on Saturday night last. The bride resided in the city and attended the local public schools in the early days. Her father was a well known investor and contractor.

Mr. and Mrs. Hatfield will be at home in Estacada, Ore., after October 17.

MINISTER OPENS THE BIG BAZAAR

Hon. Ernest Lapointe Expresses Great Pleasure at Being Present

EVENT IS SUCCESS

The formal opening of the Catholic Church bazaar took place last night in the old Knights of Pythias Hall, Helgerson Block, when Hon. Ernest Lapointe officiated, there being present also Bishop Buno, Father McGrath and a number of citizens who had come especially for the purpose of greeting the minister.

Father McGrath in introducing the minister of marine and fisheries, thanked those who had contributed to the bazaar, mentioning particularly those who had donated the use of the hall, the merchants who had given articles, the conveners of committees and their assistants and the press. He thanked them all for dealing so generously with them on this occasion. They were glad to have with them a distinguished visitor whose name had been a household word in Prince Rupert since his last visit. He was a statesman of whom they were all proud. It was a great source of pleasure to them to have Hon. Ernest Lapointe with them that night.

Serve Country

Mr. Lapointe expressed himself as being glad to be back in Prince Rupert. He had become acquainted with Father McGrath three years ago when the late Mr. Kennedy had been with them. One of the finest remembrances of that visit was that of meeting Father McGrath and he was glad when he received a telegram inviting him to be present on that occasion. He said it meant much to themselves and to the country to be united in the parish, sharing the joys and sorrows. Co-operation meant much for any body of men. In the dear old province of Quebec where their population had increased to over three millions they were trying to serve their country in a similar way and make it as prosperous as possible. He was glad to meet the people and glad to know Father McGrath.

Bishop Buno congratulated the managers of the bazaar on their good fortune in connection with this event. The date on which it opened was a happy augury for its success. He recognized the great work of the ladies in connection with this event. This he thought would be a record year. It was their good fortune to have it opened by a minister of fisheries. It was a great thing for the undertaking to have a minister with them who had to do with the great local industry and under him they felt it would grow and prosper.

A hearty vote of thanks to the minister for coming there was passed with applause.

The bazaar was well-attended yesterday and early this afternoon. A large business was done at the tea tables and goods were sold readily. The various drawings will take place this evening when it is expected that the attendance will be even larger than yesterday.

MRS. PAT CARY DIES SUDDENLY

Well Known Pioneer of City Passed Away This Morning at Residence on First Avenue

Mrs. Patrick Cary passed away suddenly this morning about 1.15 o'clock at her home on First Avenue.

Deceased had retired apparently in her usual state of health. She was seized with a choking spell and called to Mrs. Richard Long, who was staying with her. A physician was at once called but by the time he arrived life was extinct, heart failure being given as the cause.

Mrs. Cary was 72 years of age and was born in Ireland. She came to Canada early in life and was a pioneer of Winnipeg, Vancouver and Prince Rupert. She had resided here since the very early days with her husband who predeceased her over a year ago. Mr. and Mrs. Cary conducted the first hotel in Vancouver and prior
