Big lasting suds—one secret of Rinso's amazing power to dissolve dirt. If you don't get lasting suds, you have not used enough Rinso.

After soaking, only the most soiled clothes need a light rubbing with dry Rinso.

Your clothes don't need boiling if you use Rinso. But if you like to boil your white cottons, use enough Rinso solution to get the suds you like.

NOTE: In *hard* water it takes from ¾ to 1 package of Rinso to a tub to make good suds. In *very hard* water you will need from 1½ to 2 packages to a tub to get the big lasting suds that loosen all the dirt.
