OPEN LETTER Messrs John Oliver and W. J. Bowser

Provincial Party of British Columbia

SUITE 29, IMPERIAL BLOCK, VANCOUVER, B.C.

To the Honorable, Messrs, John Oliver and W. J. Bowser,

Victoria, B. C. Dear Mr. Premier and Mr. Ex-Premier:

I am instructed by my Executive Committee to direct your attention to the recent bulletin of the Provincial Party, "Searchlight No. 2," dealing with the purchase from the builders in 1918 of the Pacific Great Eastern Bailway. for the Province of British Columbia, I enclose you a copy of this bulletin herewith. Please note the article entitled "The Great Betrayal" and the copy of the documentary evidence accompanying the same.

Many of the Electors in our Province complain that public issues are brought out only in the heat of an election; that charges are flatly denied by parties concerned regardless of fact, and that the true responsibility, if placed at all, is only after the election is over, too late for the voter to record his considered decision on same. It is in the hope of obviating this, as to the P. G. E., that the Provincial Party have seen fit to lay before the people of British Columbia the full story of the unfortunate taking over of the Pacific Great Eastern Railway for the province.

Your attention is further called to the manner in which you both (with the assistance of your followers) voted together in the Legislature of the province to prevent a thorough enquiry into this unhappy affair. Thousands of electors would like to know your answer to this "Searchlight," so that they may be in a position to judge as to the accuracy of the reports and statements contained therein. It is felt that a silence on your part can leave them but one conclusion.

I have the honor to be, Sirs, H. F. McDONALD,

THE VOTER .- Every elector in British Columbia who is interested in good government and desirous of knowing the facts should get a copy of our "Searchlight No. 2." A postcard to above address will bring it to you.

With Many Orders on Hand, Big Bay Plant Has Been Shut Down Several Weeks Account of Water Short-

Rain is what is wanted at the Big Bay sawmill, Georgetown, which has now been closed down for several weeks because of water shortage. The mill has orders which will keep it busy at full blast for several months! and, on account of the present delay, it will have to work right through the winter in order to catch up once it does get started again. It was prevented from contributing to the cargo of the 13.1c and toc. to the Afin Fish-Canadian Highlander for Japan last week on account of being closed down.

It is understood the Big Bay people will make provision soon to guard against another shut down on account of water shortage. At present the full staff is being kept busy on repairs to the
