### THE PAS DOG DERBY RACE ON

Every Precaution Made Yesterday  
For the Big Annual Event  
Today

#### CARNIVAL AT THE TOWN

Pari-Mutuel Betting on the Re-  
sult and Shorter Races While  
End Awaited

THE PAS, Man., Feb. 21.—(By  
Canadian Press).—After an ex-  
citing period of training and pre-  
paration everything is in readi-  
ness for the start of the sixth an-  
nual 200-mile non-stop dog  
derby classic of The Pas Derby  
Association, carrying with it a  
purse of \$2,500 and the Burns  
Cup. This race, billed "as the  
greatest event of its kind in the  
world," brings together "mush-  
ers" of international fame who  
will drive teams of from seven to  
eleven dogs, mostly huskies,  
tested for their speed, staying  
power, and strength to withstand  
hard driving.

#### Test of Endurance

The entry list closes this even-  
ing and it is expected that ten  
teams, numbering about 100  
dogs, will line-up at the starting  
point at the Hudson Bay railway  
bridge on the broad Saskatche-  
wan river at 11 o'clock tomorrow  
morning for the flash of the  
starter's gun which will send  
them on their long, lonely run  
into the wilderness. The race is  
a test of endurance for man and  
dog, and local drivers have  
spared no expense in getting the  
best dogs obtainable in the north-  
land. For many weeks the vari-  
ous drivers have been busy try-  
ing out their dogs and the derby  
has been the principal topic of  
conversation in this town and  
surrounding district. Several of  
the "mushers" are said to have  
made record runs, and the dogs  
have been doing from 50 to 75  
miles daily.

With the best racing dogs in  
the land lined up, the course is  
expected to be covered in record  
time and it is thought that pre-  
vious records may be lowered by  
two to three hours. The winning  
team is expected to average ten  
miles an hour over the whole  
course.

#### Favorites Again

C. B. Morgan's team, winners  
of the 1921 and 1922 races, are  
favorites again this year, but  
"dark horse" entries have to be  
conferred with. Billy Grayson,  
veteran "musher" will handle  
Morgan's entry. Tom Creighton,  
prospector and one of the origin-  
al owners of the Flin Flon copper  
mine, is backing teams and has  
spent \$5,000 in his endeavor to  
secure a winner. He will place  
two teams in the race and has  
two expert drivers and three  
trainer-attendants in his employ.  
His dogs are constantly groomed  
and hourly watched, dieted care-  
fully on the choicest beef steak  
and eggs and their feet dipped  
daily in salt water baths in order  
to harden them for the 200 mile  
grind. A team from St. Paul,  
Minn., is expected to be in line  
tomorrow morning while the en-

try list will probably include such  
well known drivers as Sam  
Pranteau, Billy Winterton, A.  
Russick, H. McDonald, Larry Mc-  
Kay, Solomon Cook, A. Ballan-  
tine, W. Constant, C. Sherman  
and Baptiste Campbell, winner of  
the second derby.

The finishing point is at the  
mouth of The Pas River. When  
the first team is within about  
eight miles of the winning post a  
smoke signal will be shown, the  
town fire bell will then be rung  
and everyone will have ample time  
to make the short walk from the  
town to the finishing line.

#### No Cruelty to Dogs

The officials of the big race  
have announced that the rules  
will be strictly observed. Cruelty  
to the dogs is not tolerated, and  
no favoritism or scheming on the  
part of drivers or owners will be  
allowed.

The racing followers will have  
a chance to back their favorites  
to the limit. Pari-mutuel machi-  
nes will be in operation for those  
who have a "hunch" to  
back.

Miss Marie Emery, queen of the  
carnival, and her ten attractively  
"rownd" court will give the  
"mushers" a royal send-off at  
the starting line.

Today the town assumed a  
holiday attire, and visitors from  
the outside were welcomed by  
triumphal arches, and huge  
streamers across the streets,  
while at night the arches will be  
illuminated.

While the public are awaiting  
the return of the racers they will  
be able to participate in an inter-  
esting program of sports and so-  
cial activities. A bonspiel will be  
in progress, with several outside  
rinks playing, exhibition hockey  
matches will be played, boys and  
girls dog races for short dis-  
tances will be run and a twelve  
mile open dog race is also an at-  
tractive feature.

#### Indian Village Erected

A real Indian village has been  
erected, where all may witness  
the making of moosehans, tan-  
ning, making and baking of han-  
ock, cooking meals, and incidents  
happening in the every day life of  
the Indian. During the carnival  
there will be a parade led by In-  
dian Chief Constant and his coun-  
cillors, in full regalia, the car-  
nival queen and her court occupy-  
ing a prominent place in the pro-  
cession.

Various other interesting  
events will be staged including  
Indian pony races, snowshoe race,  
man and bear contest, boiling  
kettle contest, packing flour con-  
test and wrestling matches, all of  
which carry liberal cash prizes.

Another special attraction for  
the visitors from the outside will  
be a dog livery, which will give  
them the opportunity of enjoying  
the delights of a real sleigh ride,  
drawn by some of the finest  
huskies in the country.
