GIFTS THAT LAST

## Here and There

A grant of \$25,700 to the Salvation Army to aid Canadian emigration work in Great Britain has been authorized by a Canadian Order in Council.

According to information received by the Canadian Pacific Railway at Winnipeg, sixty-three bushels of wheat to the acre has been harvested on the farm of T. M. Ballantyne, three miles north of Lacombe, Alberta. The wheat graded No. 1 and weighed 64 pounds to the bushel.

Weighing 3,170 pounds, a steer, said to be the largest ever received in Winnipeg, arrived at the union stockyards from Wainwright, Alberta. It was sold for \$250, the highest selling price of any steer in Winnipeg since the war.

The Canadian Pacific S.S. "Brunton," which arrived in Liverpool on September 5th, put up what is considered to be a record in the speedy discharge of cargo when she sailed the following day, Sept. 6th, at 7 p.m., having discharged over 2,000 tons of cargo.

It is announced that the Canadian Pacific Railway will increase the size of its irrigation headgates at Kimball, in southern Alberta, by 50 per cent in anticipation of an increase in area of 40,000 acres in the Lethbridge district. Water will be turned into the ditches of the Lethbridge Northern project, it is expected, some time this fall.

Buffalo steak will be abundant in Canada this fall. A herd of 2,000 surplus Buffalo wandering on the range in the National Park at Wainwright will be slaughtered by an Order-in-Council, and the meat and skins sold. For several years the Government has paid special attention to the preservation of the buffalo and the work has been so successful that the National Parks are now overstocked.

At a dinner given in his honor by the Vancouver Board of Trade, E. W. Beatty, President of the Canadian Pacific Railway, announced that the Company proposed immediately to add two large modern steamers to its coast fleet in order to take care of its increasing tourist traffic over the Company's Pacific Coastal line. He also announced the early completion of a new pier at Vancouver at a cost of several millions.

There have been large increases in the number of pure bred animals in Canada during the decade between the last two censuses. The increase in the number of pure bred horses between 1911 and 1921 was 44 per cent; of cattle, 139 per cent; of sheep, 75 per cent, and of swine, nearly 44 per cent. The number of pure bred horses in the Dominion in 1921 was 47,782; cattle, 296,656; sheep, 93,643, and of swine, 81,143.

A conservative estimate of the amount of money spent in Quebec by tourists reaches \$2,338,750. From the beginning of May until the first of September, 15,000 motor tourists had called for information at the offices of the Quebec Auto Club. Taking an average of four people to each car, this meant that at least 60,000 people had come to the city by automobiles. Of this number there were approximately 3,000 camping parties, or 12,000 people.

At the Chateau Frontenac, Quebec, recently, Colonel J. S. Dennis, Chief Commissioner of Colonization of the Canadian Pacific Railway, outlined in a detailed speech existing conditions in Canada and prospects for the future. He emphatically stated that there was no cause for discouragement, but, on the contrary, every prospect of a renewal of rapid development, including an increase in our population and the development of our latent natural resources in such a way as to insure, in the comparatively near future, that we should be out of the woods, and progressing rapidly to a large population and favorable business and financial conditions.

## The Man in the Moon SAYS--

DON'T order nuts for Christmas. Plenty here already.

**SURGEONS** often perform very clever operations, but what I would like them to do would be to learn to cut out the nonsense.

A MAN who can drive well seldom toots the horn.

THERE are some people who should never need to go to a hotel. They have their bunk with them.

IMAGINE a Scotchman who thrills at the sound of the bagpipes saying he can't stand jazz.

ART is making recipients pleased with trivial Christmas gifts.

I WAS hoping some kind friend would give me a Lizzie for Christmas, but I suppose I must be content with a tin cigarette case.

THE pessimist is the man who always thinks that a candy is a sugar coated pill.

AN optimist is a person who hopes that the chocolate coated tablet has no bitter insides to it.

## IRRIGATION PROJECT IN NEW SOUTH WALES

SYDNEY, N.S.W., Dec. 12.—Parliamentary sanction has been given in Queensland for a new irrigation project on the Dawson river which will be one of the largest in New South Wales. The initial cost is estimated at \$6,000,000 and a high storage dam, which it is proposed to construct, will require six years to complete.

The plan involves a large hydro-electric generating plant. The contemplated dam will impound something like 2,480,000 acre feet of water, which will be carried from the dam 27 miles along the natural bed of the river. More than 200,000 acres of irrigable land are included in the project and in addition there are 200,000 acres adjacent which are suitable for grazing purposes.

### LOSS FROM INSECTS

WASHINGTON, Dec. 12.—Tree killing insects do damage estimated at \$100,000,000 annually in the United States, and damage forest products to the extent of an additional \$15,000,000 each year according to experts of the bureau of entomology. Much of this damage can be prevented by the control methods recommended by the bureau. Department of Agricultural officials declare.
