## Guide to Correspondents

The Daily News welcomes correspondence on live topics of the day or any other subject of public interest, but letters must be brief and to the point. The long-winded correspondent has no place in modern journalism.

Every letter must be signed by the writer, not necessarily for publication but as a matter of good faith and courtesy. All unsigned documents go to the waste paper basket. Letters of a caustic character must have the signature appended for publication.

Letter should be written on one side of the paper only. Correspondents must avoid personalities and the language should be such as would be allowed in the ordinary rules of debate.

## District News PRINCE GEORGE

The cold snap is continuing with little moderation in this district. The lowest thermometer reading of the past week was on Tuesday last when 19 degrees below zero was recorded.

The Department of National Defence, in a letter to Mayor Patterson, has intimated that it will not be feasible to undertake any work on the Prince George landing field during the coming winter but, if this nature of relief work is continued into the summer, the advisability of carrying out work on the partially completed airport here will be considered.
