SENSATIONAL IRISH PLOT STORY PUBLISHED

OVER HUNDRED MILLION POUNDS SURPLUS IN GREAT BRITAIN FOR YEAR

London Newspaper Alleges Plot Was Prepared to Assassinate a Number of Public Men in Britain

LONDON, March 14.—A sensational story of a plot arranged by the Irish Republican organization to murder British cabinet ministers and other public men and to commit other outrages is printed today by the Daily Sketch. That newspaper connects the alleged scheme with the activities of Irishmen recently arrested in Great Britain.

The Sketch says the persons marked for assassination included Premier Bonar Law, David Lloyd George and Sir Hamar Greenwood.

A large number of women in the organization, the newspaper asserts, obtained employment in the households of intended victims and were thus able to supply outside persons with details of the men's movements.

The plan also included a provision for a disturbance in London through the rougher elements in the larger cities.

CAPTAIN SUTTON FEARED DROWNED

Skipper of Rennell Believed to
Have Jumped from Cold
Storage Wharf

Capt. W. Sutton, of the halibut schooner Rennell, took his own life last night by jumping into the harbor from the wharf of the Canadian Fish & Cold Storage Co. at Seal Cove. Although the body has not yet been discovered this fact has been pretty well established.

At 12:20 last night a call was received at the police station from the Canadian Fish & Cold Storage Co. to the effect that a man had jumped overboard from the wharf. Sergeant Bailey and Constable Alex. Macdonald hurried to the scene and found a slicker, under coat and boots belonging to Sutton lying on the wharf. Drugging operations were started as soon as possible by the company and the police but, up to noon today, these had been unsuccessful in recovering his body.

From papers found among the effects of deceased it was learned that Sutton was born in Newfoundland in 1895. He enlisted for the Great War in 1915 with the Royal Newfoundland Regiment and was honorably discharged in 1918 with the rank of sergeant. He served with distinction and was awarded the Distinguished Conduct Medal and the Croix de Guerre. He was wounded twice in action, his head having been injured on one occasion.

Widow in Australia
Deceased is survived by a widow and child living in Maryland, New South Wales, Australia. The child he has never seen.

Capt. Sutton arrived at Vancouver in August 1922, on the C.G.M.M. Canadian Highlander, having made the passage on that vessel as an able seaman. Coming shortly afterwards to Prince Rupert he entered the halibut fishing business as skipper of the schooner Rennell.

City Solicitor E. F. Jones is expected back from Ottawa tomorrow evening.

Much of 1922 Pack is Still Un-

Have no Effect on Opera-

The Union steamer Chelohsin has been making all the canneries calls the last few trips taking in supplies and advance crews and some of last year's pack has also been handled.
