BOBERT HANNA.

"Five years ago when I was first married I had wonderful energy. I could be on the go all day one without feeling the least bit fatigued. I had a great appetite and could eat anything. I weigher 147 pounds. I used to be busy every minute of the day and, when the day was over, I could go to bed and never waken once during the night. Thirteen months ago my first baby was born. After that my energy seemed to leave me. I was tired all the time. had to force myself to do my household duties, Instead of being pleasure as formerly, these duties became a real task. I lost all desire for food and nothing would tempt me. I had to make myserf eat. I would go to bed at night and toss from side to side for hours at a time. After while I would doze off only to find that I had been sleeping for ten or fifteen minutes. Naturally when morning came, not having slept, I started the day completely tired out. I was shaky and neryous. The least noise would startle me and make my heart race along. I could see that my husband was worried. I was losing weight every week and had already lost 54 pounds. I tried all kinds of tonics, but they didn't help me. One night, a night shall never forget because started me on the way to health and happiness again, my husband brought in a bottle of Carnol, A ed upon my trying it. Six weeks after I began taking Carnol, my weight increased from 93 pounds to 158, an increase of 65 pounds. And, am I well these days ! Every morning I fairly jump out of bed ready to tackle anything and every minute of the day is a joy to me now."

Carnol is sold by your druggist, and if you can conscientiously say, after you have tried it, that i hasn't done you any good, return the empty bottle to him and he will refund your money. 8-622

Sold by Ormes' Drug Store and McCutcheon's Drug Store.
