

"FRUIT-A-TIVES" SAVED HER LIFE

**Operation not Necessary After Taking
This Famous Fruit Medicine**

2928 UNION ST., VANCOUVER, B.C.
I suffered with all the symptoms of Female trouble, with chronic Constipation and constant Headaches. I had pains low down in the back and sides of the body. A doctor advised me to have an operation.

I started taking "Fruit-a-tives" and this medicine has completely relieved me of all my misery and suffering.

I am free of pain and headaches and the terrible Constipation, and what saved me is the fruit medicine, "Fruit-a-tives."

Mrs M. J. GORSE.

"Fruit-a-tives" are made from the juices of apples, oranges, figs and prunes and tonics — and are absolutely free of calomel, senna and other drugs which irritate the bowels. "Fruit-a-tives" will always correct Constipation and Bilioousness. 50c. a box, 6 for \$2.50, trial size 25c. At all dealers or sent post paid on receipt of price.

Manitoba Goes Wet.

Manitoba seems to have voted in favor of the sale by the government of intoxicating liquor. The glamor of liquor profits such as we have in this province seems to have caught the people and partial elimination of bootlegging also appeals strongly. People like changes anyway. Public opinion is like the tide, it comes and goes. Some day Manitoba will go dry again just as British Columbia will go dry and the more the law is broken, the quicker will come the revulsion of feeling against the sale of liquor.

Possibly what would be the greatest factor in expediting airtight prohibition would be to allow sale of beer and wine. The swing of public opinion would come within a very few years if such a system were adopted.

Welcome To The Canadian Transporter.

The Daily News on behalf of the people of this city extends to the captain, officers and crew of the Canadian transporter a hearty welcome to this port. It is the first time any big freighter has been here to take on freight, but it will not be the last. We look for a return of this and many other vessels of the fleet and before very long we hope to be regular shippers.

The Transporter is the first ship and because of that she is in a unique position. We welcome her and hope she will be here often.

C.P.R. May Come To This Port.

There have been rumors from time to time that the C.P.R. would like to come to this port. Also there are very persistent rumors that the big railway will make its terminus at Stewart or at Kitimat, and another that it will go by way of Prince George to Vancouver. It has been suggested that Prince Rupert is the logical point for the terminus. The railway would either come in from the Naas by the Kitsumkalum Valley to Terrace or would tap the Canadian National at Hazelton. Running rights could be easily arranged to the coast as there's hardly any local business to interfere with traffic between Terrace and Prince Rupert.

This paper is not suggesting anything because the railway company will make its plans and build where it wishes irrespective of what any of us think, except that it will have to get a charter from the government and will also be likely to ask for financial aid. For the present the big company will content itself with making surveys and planning for developments.

Shall All Look For Hon. Ernest Lapointe.

One of the men we shall all look forward to meeting will be Hon. Ernest Lapointe. Fred Stork says he is coming and we shall expect him and give a hearty welcome on his arrival.

Mr. Lapointe was here a few years ago and his address in the Westholme Theatre was a masterpiece of oratory. True he was rather hard on his political opponents, but that is the way of the politician, especially before he attains a position of authority.

Now Mr. Lapointe is an important minister of the crown and he presides over a department that interests us very much. We shall have a good many things to say to him when he comes and we hope he will have something encouraging to tell us. At any rate he will back up Sir Henry Thornton, who has the full confidence of the government and whose recommendations will be carried out.

TICKETS TODAY CANADIAN CLUB

List of Those Attending Luncheon
Will Close Tonight at Ten
O'clock

The executive of the Canadian Club yesterday decided to keep open the list of those who wish tickets to the luncheon being given to Sir Henry Thornton on Monday at one o'clock. This is a great occasion and it was felt that so far as possible everyone who wished should be given the opportunity to attend. Tickets cannot be issued at the door, however, as the caterer insists on knowing by tonight how many are to be present.

It was explained at the meeting that the actual cost to the club for the dinner would be very close to two dollars while the lunch tickets are sold at a dollar. Those who buy tickets must become members of the club at a cost of one dollar. In order to accommodate the public it is arranged that George Hill will take membership fees up to ten o'clock tonight and will also sell tickets at his shoe shop for the luncheon. Tickets for the luncheon are also on sale at Orme's drug store.

In addition to Sir Henry Thornton, twenty or more visitors will be guests of the club on Monday. Public Slaughter House to be Established Says Minister of Agriculture

On his arrival in Vancouver after visiting Prince Rupert and touring the interior of the province, Hon. E. D. Barrow, minister of agriculture, announced that he was arranging with the Prince Rupert board of trade for the establishment of a public slaughter house in this city which would solve the problem of marketing cattle from northern British Columbia.

While here the minister had a consultation with the council of the board of trade and the suggestion of the slaughter house was made to him. He promised to confer with the farmers of the interior in regard to the matter and apparently they viewed the suggestion favorably.

Overflows on the Skeena River are delaying train traffic between here and the end of steel. The train due last night at 5 o'clock did not arrive until 10 this morning. The worst washout was at Mile 73 where fifty yards of track was swept away.

A shipload of prominent United States visitors will arrive here tomorrow on the steamer Jefferson enroute to Alaska. The Board of Trade has the entertainment of the visitors in hand and the program includes a trip to Terrace by special train.
