

Some Day you will own a Victrola

When that day comes, you will realize why there is no other instrument which brings so much pleasure to so many people at so little cost.

Victrolas are manufactured complete in one factory, the largest plant in the world devoted to the manufacture of a musical instrument.

The Victrola represents more than twenty years successful research and experience. The New Console Model as here illustrated—at from \$135.00 upwards—is one of the finest achievements of the 20th century. Write or ask for a complete catalogue describing in detail the entire line. Also sold on easy payments.

Six-Year-Old Had Bronchitis Every Winter

Bronchitis generally begins with chills, followed by fever and a harsh, dry, hacking cough. There is a raising of phlegm, which at first is of a light color, but, as the trouble progresses it becomes of a yellowish or greenish color and is sometimes streaked with blood.

All those who are troubled with bronchitis will find in Dr. Wood's Pine Syrup a remedy that will stimulate the bronchial organs, subdue the inflammation, soothe the irritated parts, and loosen the phlegm.

Mrs. Oliver C. LePage, South Ruston, P. E. I., writes:—"My little six-year-old girl had very bad attacks of bronchitis every winter. In the evening and during the night, she would have fever and choke up, and had a wheezing in her chest. We tried several cough medicines, but they never seemed to do her any good. A neighbor advised us to try Dr. Wood's Norway Pine Syrup, which we did, and after she had taken two bottles she got perfectly well."

Price 25c and 60c a bottle; put up only by The T. Milburn Co., Limited, Toronto, Ont.

Mixing Tomato Soup

Mrs. Henderson has written to thank us for a cream of tomato soup recipe we sent her. She says it is the only one she has tried so far that does not curdle into lumps.

If any other woman would care for this recipe we shall be glad to send a copy. Mrs. H. says she believes it is Pacific Milk which keeps the soup from curdling, but really it is the way it is mixed.

It was decided to hold a public meeting in the near future to give demonstration of the proportional representation system of voting. George B. Casey presided.

P. Z. Caverhill, chief forester for the province, arrived from Prince George on the train and will be here for a week inspecting the offices. It is the intention of the department to have Mr. Caverhill do more field work in future and he will be a more frequent visitor to Prince Rupert from now on than he has been in the past.

Ed. Skoglund, jr., who fell 20 feet down the shaft of the Premier mine last month and who has been in the hospital here since that time recovering from his injuries, has left the institution but is still under the doctor's care. It will likely be a month before he is to return to Stewart. Bad luck has been following the Skoglund family for just before Mr. Skoglund, jr. sustained his accident, his father had been discharged from the Anyox hospital where he had been for six months after a falling rock split open his head in the Hidden Creek mine.
