QUEEN CHARLOTTE

Indian Agent Thomas Deasy, was a passenger to Skidegate from Massett on the last trip of the steamer Prince John. The election of the council of Skidegate Band, will be held on the first Monday in February, at which the Indian agent acts as Returning Officer.

The loss of the steamer Alaskan, off Pacheena, brought to the minds of old residents of Queen Charlotte Islands, the stranding of the same vessel on the shores of Parry Passage, some years ago. While on a trip to Langara island, the vessel was thrown ashore, and narrowly escaped becoming a total wreck. Halibut boats went to the assistance of the vessel, hauling her from the shore to deep water.

Several new logging camps will be started at once on Massett Inlet. The sawmill, at Buckley Bay, is running with a full crew, while a quantity of lumber is on the way and being shipped to Seattle. The next consignment of squared timber will be taken to Los Angeles, California. It is the intention to make fruit boxes and other commodities from the lumber, which will be finished at the mill of the company, in the growing California city.

It is reported that two large canneries, on Massett Inlet and Alford Bay, will be operated this year. It has been usual for the "Pink" variety of salmon to appear in large numbers every two years. There was a phenomenal run of this species of fish, during 1922. This year, the "Pinks" are not expected. Ever since the canneries operated on the islands, the "Pink" variety appeared during each second year, while few visited the rivers, on the odd years. It is believed by some, that the "Pinks" spawn, in the same rivers and streams on the "off" years.

A number of members of the Church Army of Massett, visited Skidegate, under the direction of Captains Robert Bennett and Robert Ridley. Meetings are being held on the Skidegate Indian reserve, following the two weeks of Christian Endeavor meetings held at Massett. A party of Alaska Haidas comprising twelve members of the Christian Endeavor Society, returned to Haidabueg, Alaska, last week.

WHAT MADE ME HAPPY

"I was congratulating myself that I had passed the winter without catching a cold, when I got one at the beginning of last May. It was because I was run down. Being run down I had some trouble in getting rid of this cold. I was a nervous wreck. I would wake up regularly mornings feeling that some terrible calamity would take place. Although we were comfortably off, I felt sure my husband was going to lose everything. The children worried me. If they made the least noise, I would get into a terrible temper. I would scold them so that I am sure they hated me. I would be mad with myself after it was over and make up my mind never to let it happen again. I would go to bed at night and begin to think and picture dreadful things which might happen to me and my family. I would lay awake for hours, sometimes until daylight, until I was so weak that I could scarcely raise my head. I would wake next day just as tired as when I laid down. After a while I got so that I didn't care what happened. The children annoyed me and I wouldn't have cared if they had left me for good. I felt that it was only a matter of time before I would lose my mind. I knew that my symptoms were due to a run down condition and that if I could only get something to build me up, I might be all right. I knew that there must be some good tonic but most of them made such foolish claims that I was afraid of them. Happening one day to run across a leaflet about Carnol, I was impressed with the moderate way this preparation was described, so I made up my mind I would try it. I did and today I am the happiest and healthiest woman living. I haven't a care in the world. Instead of running away from me, my children are now with me all the time. My husband tells me that my disposition is as near an angel's as any human being's can be, but of course he is prejudiced. I don't believe I have a nerve in my body now."

Carnol is sold by your druggist, and if you can conscientiously say, after you have tried it, that it hasn't done you any good, return the empty bottle to him and he will refund your money. 6-622

STEWART

The recent rise in B.C. Silver stock is due to the fact that the main Premier lead was recently crossed out on the property. The mine is controlled by the Selkwe Gold Co., of London, Eng., and the Guggenheims have a minority share.

W. Newell has returned from Seattle much improved in health after the operation performed in the south.

B. W. Lyons, Chris Christiansen and E. J. Thorpe have arrived from Alsea Arm with the intention of locating here.

G. C. Turner, who superintended the construction of the Hyder dock approach, having completed his work, left here for Ketchikan last week.

Attorney C. H. Sundmacher, of Hyder, has left for Arkansas, where he will join John Roman in the oil business.

TERRACE NOTES

Bruce Johnson was confined to the bed for a number of days with a strained back.

Olo Von Hers is taking Mr. McGregor's place while he is in Rupert.

Sport Chat

Son of Canada took the lead in the Men's section of the Fraternal Whist League last week although the St. Andrew's team cannot yet be said to be in second place for they did not play their game with the Elks on account of the banquet. If they win this postponed game they will be on an even footing at the top with the Sons, Vallhalla, losing to the Oddfellows, dropped out of the three-team head place tie of last week. The Knights of Pythias and Oddfellows are still well up in the standing and together with the Son of England, Knights of Columbus and Great War Veterans, who are tied not far behind, still have a chance for the season's championship. Only two teams, the Elks and the Moose, are out of the running for the honor.

In the Ladies' League, the Royal Purple regained its hold on first place and, with only one more tournament to go, their chances for the championship are very bright. The only contenders are the Pythian Sisters who are in second place one-half a game behind. All the other five teams are now out of the running.

Standings in the two whist leagues to date are as follows:

Men's Section		W. L. Pts.
