Member of Audit Bureau of Circulations.

DAILY EDITION

Tuesday, March 13, 1923.

Should Register If Not On List.

People of Prince Rupert and district who are not on the provincial voters' list are urged to register at once so that in the event of an election they may be in a position to exercise the franchise. There may not be an election within the next six months but no one can tell. The thing to do is to be prepared. Once on the list, there will be no need to register again before the election whenever it may happen to come.

Those who failed to vote at the last election will find their names were removed automatically and they will have to register again. Those who have recently moved into the district or who may have naturalized since the last list was made up, will have to register if they are to vote. This is the time to do it before the list closes for the half year.

Period For Outdoor Sports Is Coming.

The period is now coming when outdoor sports will be enjoyed by the young people. While a good many crack players have left town since last year, there are young lads growing up all the time and many of them are developing well and should be able to fill up the gaps.

Every encouragement should be given to outdoor sports for it is one of the most important features of the life of the community. Athletic prowess is much to be commended and admired. The ideal is for the whole city to play. It is all right to go out to watch the games and pay the price of admission. Funds are needed but it is also desirable that everyone should enjoy some particular form of outdoor sport. That is why a bowling green for the older people would be an excellent thing. It seems impossible to make a golf course here just at present but a bowling green would answer the purpose just as well.

Duty Of Parents To Children.

The duty of children to parents has been the theme for lectures and lessons since the world began, but of late a new form of admonition has sprung into fashion. Today the duty of parents to children is being emphasized. Dr. Grant spoke of it before the daughters of Empire on Saturday and urged its importance in the improvement of the national life. Formerly parents were autocrats whose word was law. Today the tendency is for parents to allow the children to become autocrats whose every whim is law. That is the opposite extreme. The idea of co-operation between parents and children is to be preferred to either. There is no reason why parents should use their power to enforce obedience to their own whims, but there is reason that children should be taught to respect the rights of others, either their elders or the younger people. It is only by instilling in the youthful mind respect for authority that any country can become great.

Freak Of Boys Ended In Murder.

According to the despatches today, the freak of young boys in going out on a daring hold-up game, resulted in the murder of Lionel Lorenz, the bank clerk who lost his life recently at Victoria. This is one of the signs of the looseness of the age in the bringing up of children. Boys must be taught respect for authority, but that need not be by the club method, although sometimes a club or a piece of cow hide is a necessary means of impressing the youthful mind.

It is to be supposed that the Victoria boys had no idea of murder and never considered the seriousness of their offense. It was a daring exploit such as they had read of or seen depicted on the screen. It was something of a lark to them. They were stepping out. It is after the event that the seriousness of what they have done enters into consideration.

Despaired of Life at 50 Strong and Well at 70

Mr. Jacob H. Mackay, 336 Midland Ave., Midland, Ont. writes:—

"I have used Dr. Chase's Kidney-Liver Pills for over 20 years and I feel that I owe my life to them. I suffered severely from rheumatism and heart failure. One doctor just gave me one year to live, and even told me I might be found dead at any time. A neighbor advised Dr. Chase's Kidney-Liver Pills and I have been using them as needed ever since. I am now 70 years of age, weigh 217 pounds and can work as well as any young man."

Dr. Chase's Kidney-Liver Pills
One pill a dose, 25¢ a box, all dealers or Edmanson, Bates & Co., Ltd., Toronto.

CANADIAN CLUB BIG CONVENTION

Delegates Will Pass Through
Prince Rupert on Way to or
From Victoria

The delegates to the convention of the association of Canadian Clubs expect to pass through Prince Rupert early in September on their way to or from Victoria. They will be invited to stop off here and hold a big reunion with the local club. This was reported at the meeting of the local club last night.

It is planned to charter two trains from the east to bring the members to the coast, one coming by way of the C.P.R. and the other by the Canadian National. Stop off privileges will be arranged at different points of interest along the line and at cities where clubs are in existence. A special rate of \$200 for the round trip has already been arranged and a flat rate on the trains for meals. It is estimated that the trip can be made for \$450 and members may bring their wives with them.

Notices were sent out to 2300 members of the Montreal Club and it is possible that two trainloads may be made up from that city alone.

TELKWA BOYS ENTERTAIN

Scouts Give Demonstration of
Their Activities Under Scout-
master Spouse

TELKWA, March 13.—On Friday night a very interesting event took place at the Town Hall. Under the careful direction and leadership of Scoutmaster P. Spouse the Telkwa troop of Boy Scouts gave a very creditable demonstration of their work. F. M. Dockrill was in the chair, and the program was as follows:

Short address—F. M. Dockrill.
Remarks—Rev. Mr. Mawhinney.

Giving of badges to scouts — P. Spouse.

Talk on Scout Lore—Scout F. M. Dockrill.

Discussion on stars—Scout E. G. Donaldson.

Facts about a compass—Scout R. D. Gowanlock.

After this there was a splendid exhibition of gymnastic work in which the scouts were assisted by Miss Grace Peterman.

Several members of the Smithers troop were the guests of the Telkwa boys and at the close of the entertainment Scoutmaster Biddell of Smithers made a few very interesting remarks.

A dance followed, during which there were many novelty features. The Telkwa orchestra furnished the very best of music.

Great praise is due to Mr. Spouse for the fine work he is doing among the boys of the community, and it is hoped that he will be given the needed encouragement to enable him to carry on.

The Man in the Moon SAYS:—

SOME people are funny, others are ridiculous. Other are so ridiculous that they are ridiculously funny.

MEN, beware of a popular beauty. She has as many heads to her string as a French Canadian has children and then some.

NO one seems to know what caused the trouble. She was a saleslady in a music shop and was showing him some of the latest hits. "Have you got 'Hot Lips'?" she inquired. It seems he had. They were just burning.

IF knowledge is a good thing, why not be a hello girl?

OLE Ander, a yokel, visiting in town one day, asked a restaurant proprietor:—

"Got any squirrel whiskey?" "No," said the restaurant man, "but I can slip you a little Old Crow."

"Aye don't want to fly," said the Swede, "aye just want to yump around a little bit."

BLACK collars are the latest. They are the kind the boys wear when they leave the roundhouse.

The reason a cat comes down

a tree backwards is to be ready at any time in case she should be required to ascend suddenly.

THE reason the office help does things backwards is from sheer cussedness.

YOU can make both ends meet all right if you are as crooked as a snake. What I would like would be a little lap over in my favor all the time.

WHILE the stork comes not oftener than once a year, the pelican with his bill comes every month.

As if to let us know that the birds we see on the street here are not everything there is in the world, the spring songsters have begun to arrive from the south.

SPEEDY stenographers are desirable but avoid the kind that write faster than they spell.

Ten Years Ago in Prince Rupert

March 13, 1913.

Thomas Deasy, Indian Agent from Massett, is visiting the city. He is very pleased with the resources and growth of the Queen Charlotte Islands and says that agriculture and fishing will be great industries there. The scenery and climate are very attractive.

Citizens are condemning the provincial government for undue haste in connection with the registration for the new voters' lists.

The methods of the Bowser - McBride autocracy are severely flayed.

F. B. Richardson, who is a large stockholder in the Granby Bay Mining, Smelting and Development Co., is in the city enroute to Princeton, Ill., where he will attend the funeral of his father.

SHOULD REGISTER NOW AS LIST CLOSES SOON

Half Yearly Court of Revision to
Sit Next Month; List Closes
April 2

Voters in provincial and Dominion elections are reminded that the voters' list for the current half year closes on Monday, April 1, and the half yearly court of revision will be held two weeks later on Monday, April 16.

Anyone who did not vote at the last election is automatically struck off the list and must register again in order to be in a position to vote in case an election should take place. Anyone not on the list cannot be put on except by registering in the regular way.

The voting on provincial and Dominion elections has nothing whatever to do with civic registration and there is nothing to pay. All that is necessary is for the applicant to go before the registrar or any notary public and fill out a form making an affidavit that he or she is not already a voter in some other constituency. The government agent at the Court House is the registrar.

WOULD HAVE CITY COUNCIL GIVE UP SALARY FOR YEAR

Motion of Ald. Perry Not Second-
ed, However, and Indemnity
Bylaw Passes

Ald. Perry moved at last night's council meeting that the mayor and aldermen for 1923 serve without salary but failed to get a seconded by the city engineer.

seconded and the regular indemnity bylaw setting the pay of the mayor at \$1500 and the aldermen at \$300 was finally passed.

The city council decided to replank 450 feet of the Park Avenue leading to the garbage dump. The work is to be done on a particularly bad section of the road over which the city council meeting has to pass frequently. The work will cost \$100 and was recommended by the city engineer.

ROYAL YEAST CAKES

As a health builder, Royal Yeast is gaining in popularity every day. It is a food - not a medicine. It supplies the vitamins which the diet may lack. Royal Yeast is highly beneficial in cases where the system seems "run down". Royal Yeast is the richest known source of vitamins, and when taken into the system acts as a corrective agent. Royal Yeast Cakes are recommended for their purity and wholesomeness. It is the purest, the most convenient and economical yeast on the market.

Two to four Royal Yeast Cakes a day will work wonders. A full day's supply can easily be prepared at one time by using one glass luke warm water and teaspoon sugar to each yeast cake. Allow to stand over night in moderately warm room. In the morning stir well and pour off liquid. Place in refrigerator or other cool place and drink at intervals as desired throughout the day.

Send name and address for free booklet "Royal Yeast Cakes for Better Health."
