

MORE HEADS CANADIAN CLUB

Re-elected President at Meeting
Last Night: Other Officers
Chosen

Officers for the Canadian Club were elected at the annual meeting in the Court House last evening. L. W. Patmore president, as follows:

Hon. President, Judge Young; President, L. W. Patmore; Vice-President, Arch. Gordon; Secy., Walter Gale.

Executive committee, G. W. Nicholson, H. St. G. Lee, H. F. Pullin, George Hill, T. McCly.

The club decided to join the association of Canadian Clubs in support of the convention under its auspices to be held at Victoria early in September. A resolution supporting stricter censorship of moving pictures was passed, along similar lines to that taken in Manitoba with the object of excluding obscene or objectionable films and such as could tend to lower the tone of the community or to debase the tastes of the younger generation.

In his presidential address, Mr. Patmore said the aims of the club was to foster a spirit of patriotism and to encourage the consolidation of the British Empire. They tried to arrange to entertain prominent men in order to give them an opportunity to give addresses in the city. It was only outstanding figures in national or international life that were sought. That necessarily limited the number.

It was expected, Mr. Patmore said, that Sir Henry Thornton would be the guest of the club when he visited the city. He had already accepted an invitation for that occasion. He expected there would be other speakers here during the year. The Eastern clubs had promised to co-operate in helping to secure suitable speakers this year.

Some of the clubs were extending their work in other directions. In Manitoba they were taking up the question of moving picture censorship and though this club might follow suit. In this way they could make the foundation of the Empire strong.

Secretary, Gale, reported the financial condition good. There was a small balance in the bank.

The secretary was instructed to send out notices to members requesting payment of the annual membership fee, it being mentioned that no person whose membership for this year is unpaid would be able to attend the luncheons, and the one to Sir Henry would be an attractive event. It would be confined to members. Membership cards could be secured from Secretary Gale at the Court House or from the Bank of Montreal.

Advertisements for the Canadian Club are accepted for the year.

FIVE YEARS' AGONY ENDED

When He Took "Fruit-a-lives"
For Rheumatism

The Medicine Made From Fruit
There can be no doubt that "Fruit-a-lives" is the long sought remedy for Rheumatism and Lumbago. From all over Canada come letters testifying to this fact.

Mr. John E. Gulderson of Parrsboro, N.S., writes: "I suffered badly with Rheumatism for five years—tried different medicines—wasted years by doctors in Amherst—and here at home—but the Rheumatism came back."

In 1916, I saw an advertisement for "Fruit-a-lives" and took a box and got relief, so I took them for about six months and the Rheumatism was all gone and I have never felt it since. 50c. a box, 6 for \$2.50, trial size 25c. At dealers or from Fruit-a-lives Limited, Ottawa, Ont.

EMPLOYEES FAIL TO GET RESPONSE FROM COUNCIL ON DISPUTE

Request for Civic Representative
on Conciliation Board Was
Rejected Last Night

The Civic Employees' Union received short shrift at the hands of the city council last night in its request that the corporation appoint a representative on the proposed board of conciliation over the salary and wage dispute. Ald. Macdonald and Ald. Mackenzie moved and seconded that the request be complied with and a representative appointed. The resolution was lost when all the other aldermen voted against it without comment. Ald. Collier was not present.

The Civic Employees' Union has now forwarded its petition for a conciliation to Ottawa. If the petition is accepted the city will again be called upon to name a representative under the Industrial Disputes Act. Failing the appointment of a member by the city, the government will make its own appointment. T. Ross Mackay has been named as the employees' representative.

Ald. Macdonald Told City Council Last Night that 1300
Phones are in Use
Here

A dressing room is to be installed in the Telephone Exchange at a cost of \$80. A report from the Utilities Committee recommending this was adopted by the city council last night.

In speaking to the report, Ald. Macdonald, chairman of the utilities committee, said it was the intention of the committee to institute one open day a week in the Exchange so that the public might inspect the service. Proportionately the telephone system here was a large one. While the average of telephones in a city was one to every ten persons, there were 1300 phones in use in Prince Rupert.

FINANCE COMMITTEE WANTS EXPLANATION BOOTH SCHOOL BILLS

Accounts totalling \$300 for reconstruction to the Booth Memorial School during February must be explained by the school board to the finance committee before they are passed for payment. A report from the finance committee to this effect was adopted by the council last night. Ald. Stephens, chairman of the finance committee, in speaking to the report, said that the accounts had come as a surprise since the committee had understood all reconstruction work had been finished.

The city council last night granted permission to Adair Garss Chapter, I.O.O.F., to hold a tag day on Ypres Day, April 21, the proceeds to be used in connection with the chapter's work of beautifying the soldiers' burying ground. Ald. Stephens, while favoring the particular case in point, expressed his disapproval of tag days generally.

COUNCIL IGNORANT, ROAD WORK STILL GOES MERRILY ON

Laying of Rough Rock on Certain
Side Streets Raised Storm
Among City Fathers
Last Night

Who, without the authority of the city council, put the rough rock on Seventh Street between First and Second Avenues and Third Avenue and Fraser Street and on Sixth Street between Third Avenue and Fraser Street which has made those streets impassable for traffic?

This was the question that engaged the attention of the city council in a lengthy discussion last night.

The matter came up in connection with a report from the city engineer stating that it would cost \$69 to put the streets in shape again by laying sand over the rough rock.

Mayor Newton declared that the rough rock had been placed on the streets in question without the authority or knowledge of the council. Ald. Stephens thought there should be an investigation to ascertain who had been so bold as to carry on such a high handed piece of work without consent of the council or knowledge of any of the aldermen.

There was some discussion as to the ways and means of putting the streets in order again and the cost of the damage that had been done and of rectifying it. Ald. Macdonald suggested it might be cheaper to pick the rocks up and leave the streets as they were than to start in patching up. Owing to the fact that the city engineer had not yet made himself sufficiently conversant with the workings of the department it was impossible to get information from that quarter with a view to laying the blame.

Finally it was moved and seconded that the streets be put in shape as suggested by the engineer. This resolution was carried. Ald. Stephens remarking that it was about time the council was finding out who was doing such work when suspension of it had been ordered by the council.

Zam-Buk

Speedily Clears The Skin of
ECZEMA, PIMPLES, RASH ETC.

If your skin feels sore, rashy and irritable, or you suffer the pain and annoyance of unsightly spots, pimples, blotches or eczema, you will be astonished at the soothing, purifying power of Zam-Buk.

Zam-Buk acts as a tonic to a sluggish troublesome skin. Its wonderful herbal extracts, sucked through the pores, get right into the inner tissues to the root of trouble. Zam-Buk expels poisonous, pore-clogging impurities, stops smarting and itching and leaves the skin wonderfully fresh, clear and free of blemish. Start the Zam-Buk treatment to-day and wash with Zam-Buk Medicinal Soap.

GIRL'S FACIAL ECZEMA. Mrs. Henry Amey, 48, Lyall Avenue, Toronto, says: "Despite medical treatment, my daughter's face and neck remained a mass of eczema. I was about to call in a skin specialist when I heard about the Zam-Buk treatment. So I bought a box of the balm and a tablet of the Medicinal Soap. This two-fold treatment was so effective that within a month my daughter's skin was cleared of all trace of the eczema."

PIMPLES & BLACKHEADS. "For four years my face was an awful sight with pimples and blackheads," says Mr. A. B. Whicker, Paradise Hill, Sask. "I used all sorts of ointments and took blood-purifiers without effect. The first box of Zam-Buk convinced me that I had found something different. Under Zam-Buk treatment, disfigurement rapidly disappeared, and my skin became perfectly clear and smooth."

PAINFUL SPRING BOILS. Mr. Ernest Hill, of Monsey R.R. No. 1, Ont., says: "Every Spring, for three successive years, I was the victim of boils. Though I had these swollen growths lanced I could not get rid until I got Zam-Buk. This herbal balm did wonderful good, and there has been no return of the old trouble."

For ulcers, abscesses, poisoned wounds, piles, bad legs, scalp sores, cuts, burns, scalds, etc., Zam-Buk is equally speedy and powerful. No home can ever afford to be without Zam-Buk.
