And all the time a powerful light is being thrown on the very things they need and want!

> Advertising is a beacon to guide you in buying. It shows you what to buy--where to buy--- and when to buy. At the same time, it protects you against fraud and inferiority.

> Merchants and manufacturers who advertise deliberately focus thousands of eyes upon their wares. Their values must be honest and their prices right, or they could not advertise successfully.

Don't play blind man's buff with the elusive dollar. Spend a few minutes each day running through the advertisements in this paper. Then

ANADIANS have always been noted for courage, optimism and faith in their country.

Canada was not built up by pessimists, nor will Canada continue to develop if her people allow themselves to become croakers and grouchers. Canada is fundamentally an agricultural country. We have a soil and climate which

can grow the world's finest agricultural products.

Canadian farmers who have carned the capital invested in their farms out of profits in farming are numbered in thousands. These successful farmers have paid off their mortgages, stocked their barns and stables, bought machinery. their made a good living. and brought up their families. It meant hard work, but today they are independent.

Money in Mixed Farming

for feed, labor, interest and depreciation, the net profit per pig was still \$4.63.

Profits from Sheep

As money-makers, sheep are hard to beat. In every Province from Prince Edward Island to British Columbia are found many flocks returning generous profits to their owners.

Poultry Pays Poultry makes money for those who adopt modern methods, whether East or West. Little Prince Edward Island markets co-operatively in carlots, shipping annually upwards of one million dozen eggs. The British Columbia Co-operative Poultry Men's Exchange markets in the same way, thus saving The quantity and the quality of the products and the cost of ruinous glut in their local market.
