**CHURCH READY AT GREENVILLE**

Visitors Here From Indian Village to Get Cups Replacing Those Burned

Rev. Mr. Cooper, missionary in charge of the Anglican Church at Greenville; Fred McKay, conductor of the Greenville band; Sam McKay, president; Peter Calder, vice-president; and Johnson Russ, manager of the band, are in the city today and expect to return to the Naas on Friday. They will take back with them the three cups replacing those which had been won by the band but which were destroyed in the recent fire. The new cups have been secured through the Northern British Columbia Agricultural and Industrial Association.

The visitors announce that the new church at Greenville has been completed and several other buildings are being erected in place of those destroyed in the fire. The windows in the new church were donated by the friends at Metlakatla and the gift was much appreciated.

The Greenville band expects to give a concert at Fishery Bay on the Naas River, Easter Monday, and they have invited their friends all along the coast, including New Metlakatla and Ket-chikan, to be present.

**LIFE WAS MISERY!**

"I was reading the other day about Neurasthenia, about the large number of people who were troubled with this disease. It is just what my wife had. She felt miserable all the time and was constantly depressed. She would wake in the morning and tell me that something dreadful was going to happen that day. Life was nothing short of misery for her. She was so depressed that I expected she would lose her mind and have to go to a sanitarium and I kept wondering how I would get the money to pay for her. She could not eat and had no appetite for food. She was irritable and cranky most of the time. If she was crossed in any way, she would immediately work herself up into a violent temper. This worried me because she had always had a kind and gentle disposition and nothing which was said or done seemed to irritate her. I spoke to our family doctor about her and he said that her trouble was imagination and that if she would try and forget about her depression and look on the bright side of life she would be all right. Of course I didn't dare tell her this because I knew she would get into one of her tempers. When she got over these fits of temper, she was always weak and ill and more depressed than ever. The doctor said a tonic might help her and gave me a prescription but this did not do her any good. She tried all kinds of other tonics with the same result. Carnol was recommended to me and I wish to state that it is the leader of all tonics. Since taking it my wife has changed completely. Now she is always ready for her meals and work is no burden. It is a pleasure for me to recommend Carnol to anyone who is in need of a tonic or a body builder. Excuse me for writing this letter but I want you to accept my thanks for that wonderful tonic known as Carnol." — Mr. J. M., Toronto.

Carnol is sold by your druggist, and if you can conscientiously say, after you have tried it, that it hasn't done you any good, return the empty bottle to him and he will refund your money. 7-622

**PORTLAND CANAL MINING JUDGMENT**

VICTORIA, Mar. 22.—Under certain circumstances "a share" in a mining claim means a one-half interest, according to the judgment rendered this morning in the case of Roberts vs. Roberts by Mr. Justice Murphy.

The parties, Thomas Roberts and W. J. Roberts, are father and son. It appears that the son took up a mining claim in the Portland Canal district, but being unable to meet the assessments, handed it over to his father, who promised him "a share" if he made anything out of it. The father completed the payments and obtained the Crown grant for the underground and surface rights. He then gave an option on the property for a substantial sum.

The judgment is that the son is entitled to a declaration that he is owner of one-half of the property, subject to the father being repaid all his outlay with legal interest, and subject also to the existing option.

**Had Bad Pains in Her Heart**  
Nerves were very bad

Mrs. John Case, R. R. No. 4, St. Catharines, Ont., writes:—"I wish to say that I have been bothered very much with my heart and nerves. I doctored with two different doctors, but did not find much relief. I would have such bad pains in my heart, at times, I would be almost afraid to move or breathe, and at night could not sleep. If the pains in my heart were gone, my nerves would be so bad I could not lie still and would only get a little sleep by being tired out. My stomach was also very bad and I could eat but very little, and then only certain things or I would have so much distress which always made my heart worse. I had been suffering for nearly two years until one day I was talking to our druggist about the way I felt. He advised me to give Milburn's Heart and Nerve Pills a fair trial. I have now taken five boxes and am feeling so much better. I am able to do my own work, and can eat anything I wish. I cannot praise

**CARPENTERS ADDRESSED**

J. W. Bruce Referred to Modern Labor Movements and Oriental Question Last Evening

J. W. Bruce, organizer for Canada of the International Plumbers' Union, gave an interesting address last night to the local Carpenters' Union touching on the world labor situation and the problems affecting the working classes.

Speaking of modern labor movement, Mr. Bruce dealt with the reconstruction of the International and spoke antagonistically of radical labor organizations such as the O.B.U. and the I.W.W. These, he said, were not helping the cause of labor.

Mr. Bruce also spoke of the Oriental question and said that the governments were beginning to wake up to the seriousness of a situation at which they had at first scoffed. The speaker said that even in Prince Rupert he had difficulty in getting a meal where Oriental help was not employed.

J. J. Gillis, president of the Union, was in the chair and there was a fair attendance confined to members of the Carpenters' organization.

**Put me in your home**

My greatest wish is to be in every woman's kitchen and in every smoker's pocket.

I know that where I am used there can be no danger. My head will not fall off, and, when I am out, I am really out—I do not glow.

I am long enough to light gas stoves and ranges without burning fingers. My slow, generous flame lights pipes well and evenly.
