BURNS LAKE AND LAKES DISTRICT

An open-air skating rink has been started on Burns Lake close to D. M. Gerow's residence and the children are enjoying a good time, but more frost is needed to put it in good shape, the ice at present being rather thin.

George F. Henson and son of Ootsa Lake are spending a few days in Burns engaged in various business affairs.

Mrs. Carmen E. Green arrived at Burns Lake from Washington on Friday and has joined her husband at Francois Lake.

Jim Atkinson now of Willow River and formerly of Francois Lake is in this district renewing old acquaintances.

Mike Tuohy, of Ootsa Lake, was a Burns Lake visitor on Friday.

Archie McPhail, of Francois Lake, and Joe Kerr, of Burns Lake, left last week for Edmonton to attend the Newsboys' Convention arranged by the Edmonton Journal.

Billy Kerr of Wistaria was registered at the Omnesca Hotel on Saturday.

Mrs. Bruce Little, of Francois Lake, was a visitor at Burns Lake on Friday.

Chas. Hunter, of Colleymount, was a week end visitor at Burns Lake.

H. J. Macdonald, of the Silver Island claims at the Babine arrived in Burns Lake on Sunday.

A. Brown and D. H. Harker of Colleymount, shipped a boatload of vegetables and beef to the tie camps at the west end of Francois Lake.

Cassidy Bros. are erecting a new building on the old post office site at Colleymount.

TERRACE NOTES

ONE 50c BOX BROUGHT HEALTH

Years of Constipation Ended By "Fruit-a-tives"

The Wonderful Fruit Medicine

Anyone who suffers with miserable health; who is tortured with Headaches; and who is unable to get any real pleasure out of life; will be interested in this letter of Mrs. Martha de Wolfe of East Ship Harbor, N.S.

Mrs. de Wolfe says, "For years I was a dreadful sufferer from Constipation and Headaches and I was miserable in every way. Nothing in the way of medicine seemed to help me. Then I tried 'Fruit-a-tives' and the effect was splendid; and after taking only one box, I was completely relieved and now feel like a new person."

worst storm of the season there was a good turn out. The gratifying report of the committee in charge of the Christmas tree was heard and Mr. Griffin brought up the subject of having proper book cases installed to hold the new school library which will be in circulation after the holidays.

A meeting of those interested in the Provincial Party was held Friday evening when C. R. Gilbert, representative from here, gave a report of the convention in Vancouver. It was followed by a dance.

Miss Elsie Kenny has arrived home for the Christmas holidays.

The Community Christmas tree under the auspices of the Parent-Teachers' Association will be held on Friday, Dec. 21. The school children will give a short program including songs, recitations, instrumental music and dances.

Geo. Cobb made a trip in from the Kalum Lake last week.

Mrs. J. Thomasson returned from Hazelton on Thursday.

Mr. Egan has been busy building a new house at Kalum Lake. Ed. Plater has returned from the prairies where he spent the past few months.

Geo. Little left for the prairie last week. He intends to ship in more horses for his work here.

Mr. and Mrs. R. W. Riley of Victoria, have moved to Terrace. Mr. Riley has re-opened the drug store and has a good Christmas stock.

Ald. Munro told the city council last night that the city engineer had been busy recently preparing an estimate for the cost of the city's connection to the proposed provincial government road leading out of the city. He stated that the estimate would be ready for council next week.

APPRECIATES HOSPITAL

Editor Daily News.

I beg leave to trespass upon your valuable space to voice my personal opinion on the excellent treatment afforded to the patients in our General Hospital, of which every single citizen has cause to be proud. Having been a patient in the institution for seven days I can write from first hand experience of the kindly and efficient treatment by matron, nurses and doctors. Not only to myself but to every man, woman and child in the building the same "motherly" treatment is meted out by the matron and nurses.

Prior to my admission to the General Hospital I had always been very dubious of entering a public institution. From my recent glad experience I can assure your readers that if I were a millionaire three times over, I would not only go to the hospital right away if sick, but I would see that such a splendid and efficient staff and hospital wanted for nothing that this mortal world contained for their benefit.

I may say that in my travels, extending over a number of years in all parts of Canada and the United States, our local hospital does not have to "doff its hat" to any of the first class hotels I have ever visited for attention and food. I feel proud to have been admitted as a member of the local Hospital Association.

Verandah Needed
In conclusion I would draw attention to the dire necessity of a screened verandah being erected at the hospital which would permit of patients getting a little exercise and fresh air. This, to my mind, is very necessary.

If such a project should ever bear fruit by public subscription the canvasser can pick up one hundred dollars, as a contribution to its cost, from

Yours truly,
W. GOLDBLOOM.

ISLAND TELEGRAPHS

Editor Daily News.

I want to protest through your paper against the treatment Graham Island and particularly Massett, is getting from the Government Telegraph Department just at a time when things are commencing to look brighter after the several years of depression due to war, and just at a time when a few settlers are coming to the islands and old industries being enlarged and new ones started.

A telegraph office has been maintained at Massett, much to the gratification of the local settlers all these years, and has acted as a sort of tie with the outside world and helped very much to relieve the isolation of a section that has only the irregular fortnightly mail service provided by the G.T.P. S.S. It has been our recourse in trouble and disaster, but now when it promised to be a commercial advantage and of use to our several old and new canneries and mines, it is being closed. We are to be given telephone service of a kind, not through fault of our local phone agent, Dr. J. C. Duna, but through the narrow policy of the Government Telephone Department, which as a measure of economy, has re-constructed part of the telegraph lines, cutting off about five miles of wire and two men from a staff of four.

Service Must Be Poor

Any man that knows local conditions must realize that two men can find steadier employment repairing the lines but they can scarcely hope to keep up the service.

Such poor service as we can expect can scarcely be considered as a service but will rather act as a deterrent to settlement and discourage the use of the telegraph and even the entrance of industries to the islands, particularly canneries and fishery enterprises that must rely very much on prompt and accurate service.

Massett, perhaps more particularly than any other port,

should have good telegraphic service, as it is the Customs port and the first port of call for all shipping entering Massett Inlet, the most important and busiest body of water in the north of B.C. and clearing more foreign shipping than any other port in the north.

In the East

In the gulf of St. Lawrence, the government sees fit to maintain telegraph offices on a long string of islands, and some of these offices did not, and probably do not handle a message in a whole year, but they are considered a necessity as there is always the possibility that some person or ship in distress may need them. Here in a region of greater distances and rougher weather, we need the reassurance of better communication in emergencies. This is necessary to keep our immigrants and to get more to help us develop our natural resources and telegraph and telephone service of the best quality is just as essential as good roads; and service, rather than profit, should be the first consideration in these services just the same as in the matter of roads and railroads.

At the End of a Day

As the roll unwinds, music works its magic. Gone are the cares of a work-a-day world. A dear old tune touches the chords of tender memory—brings back boyish dreams—stirs the fires of inspiration.

Whatever your mood as you sit down before the Gulbransen registering piano you find it sympathetic, responsive. For it is as ready to reflect the exuberance of youth in the latest and gayest of popular tunes as it is to free the majestic music imprisoned in the score of a composer's masterwork.

We invite you to our store today and try the Gulbransen registering piano. A few moments will reveal the pleasures it offers. We will gladly explain the advantages of its many exclusive features.
