DAILY EDITION

Election Returns Slow Coming.

It was unfortunate that just as there was big news offer- over Beery's head. He stopped suitably inscribed, from the emuntil about midnight last night no word whatever in regard dead in his tracks. His eyes ployees of the Dry Dock, the to the British elections was received in the city. In an effort to rolled for a second, his muscles groom being a member of the get through some little news for its readers and at considerable relaxed, and then he whirled in- mechanical staff. A very happy expense, the Daily News yesterday got through one or two wire- to battle again like an immense evening was brought to a sucless messages, for one of which the press had to be stopped black eagle on a red cloud of cessful termination with the after about two hundred papers had been run off. The first blood. election returns were received so late last night that they could not be bulletined until this morning. Under difficult conditions "It's a grudge fight," said Kid the best possible service is being given, but it must be remem- McCoy, "I can tell." bered that when the wires fail, the wireless is very much con- too thrilled to make answer. gested with business and it is impossible to get much news by The jar of body to body had that route.

One feature of the wire trouble yesterday was the fact that sleeping fires of combat. the worst break was that between Ashcroft and Vancouver They struggled across the room . which has been down for two days both the Canadian National and crashed into a partition and C.P.R. Any messages that came through were routed by which showered them with glass. Seattle and Spokane.

Age of Delving Into The Past.

There is more activity in delving into the past than has mumbling incoherently with lacever been known before in the history of the world. The discov- erated lips. They crouched low, IF the Provincial Party is as eries in Egypt, China, Java, and other parts of the world have and criss-crossed with terrific successful as most of the McRae led scientists to revise their theories somewhat, although there rights and lefts, trading blow for companies, it is a poor took out is no important change since Darwin startled the world in 1859 blow until punch-drunk from the for the future. with the publication of his book, "The Origin of Species."

The age of man will never be determined. It cannot be. The tick of the camera could not SAY boys, you'll have to save There is no specific date which can be set when it may be said that man acquired a soul or reasoning powers. Sometimes we that a picture was being made. It order to drive the girl to Terthink today that some dogs have more soul than some men was more like witnessing a bat-race. and some animals seem to reason about as well as a good many men. What seems to be evident is that man has evolved from a forest when all around is still. A VILLAGE is a place where a much lower state. If the remains of the Trinil man of Java are a million years old, it is evident that the processes of nature are very slow and it is to be expected that, while the rate of advancement in future may be accellerated, it will take many thousands of years yet for man to attain anything like perfection of mind and body.

Nature Refuses

Rapid Advancement. Nature refuses to permit rapid advancement. When a race attains such intellectual development that it threatens to dominate, along comes Nature and stops propagation while the races of low mentality keep up the pace in the matter of natural, increase. There is only one result. The intellectuals die out and knocked back against the stove, ment under those conditions? are overrun by the more backward. We see that process going while Beery fell against an iron on today. The dominating races of the future seem to be those that increase rapidly rather than those that are intellectual?

Labor Fears Ignorance Of The Electors.

In a recent address at Leeds Ramsay MacDonald, Labor who gazes at death in daylight. leader, said the one thing he feared was the ignorance of a large He leaped tigerishly across the ONE of the signs of age is part of the electors. That is a danger anywhere. Ignorance is room and grappled with Beery, taking an after dinner nap. always a danger. Sometimes a little knowledge is dangerous His boa constrictor arm slowly because, when a person first sees the light, he sees it from encircled Beery's waist. It was just one angle and nothing else matters. What is needed here the dreaded hammer-lock known and have to wear silk shirts and and elsewhere is to so educate the mass of the people that they to wrestlers—the breaker may weigh and judge for themselves. Let the people be edu- bodies and hearts. cated, in the fullest sense of the word, and there is no danger to the state from radical activities. It is only where clever and moment as they grappled for unscrupulous leaders are able to play upon an ignorant electorate that there is danger.

The hope of the future lies in the public schools, the public libraries, and in an enlightened public opinion.
