# NISHIDA IS FOUND GUILTY OF MANSLAUGHTER BY JURY IN ASSIZE COURT

## Buckley Bay Japanese Given Four Years for Killing of Countryman

Found guilty of manslaughter in connection with the killing of B. Harata at Buckley Bay on August 18, E. Nishida, Japanese, was sentenced to four years in the New Westminster penitentiary by Mr. Justice D. A. Macdonald at the Supreme Court as-

Before sentence was passed, L. W. Patmore, counsel for the defence, referred to the fact that Nishida had had no previous criminal record. Archdeacon, G. A. Rix knew accused. having baptised him and he requested that he be heard on behalf of the prisoner.

Congratulatory Telegram Received Here From Agent General

With reference to the deliberations of the Imperial Conference at London on tariffs for inter-Empire and foreign trade, E. C. Gibbons, president of the Prince Rupert Board of Trade, this afternoon received a cable from F. C. Wade, K.C., agent general for B.C. in London, indicating that British duties will be raised on exports from foreign countries of canned salmon, apples, fruit juices, honey and tobacco, in order to encourage inter-Empire trade. Thus British Columbia is benefitted particularly says Mr. Wade in the cable which offers heartiest congratulations.

## Rain did Much Damage Stewart Roads: was Eighteen Inches of Snow at Premier Last Week

Considerable damage was done to the Salmon River road by the heavy rains that fell at the end of last week according to Dale L. Pitt, manager of the Premier Mine, who is in town. Bridges and culverts were washed out and the road was impassable for a short time but prompt action was taken and the company put on a large crew of men to make temporary repairs with the resul that traffic was held up for only a couple of days. The damage was caused by washouts from the side hills and the river did not overflow its banks because it snowed in the moun-

tains and was cold. There wast the Premier mine and some is ESTHONIANS TO still left although subsequent rains washed much of it away. This tended to cause difficulty on the upper part of the road. The rains did not cause any damage line.

Piles and false work on the new Bear River bridge were also hoped to have it finished and who was here yesterday. ready for traffic this winter. The! It is planned to bring 100 fill was not damaged.
