Cheese Drops

Mrs. Haron sends this recipe, which she says we gave her several years ago. We are glad to get it, for our own card was lost. Beat two eggs slightly and add one-quarter cup of Pacific Milk. Pour this gradually into one cup of sifted flour with one teaspoon of salt. Put a collander over boiling water and force the mixture through with a potato masher. As soon as the buttons come to the top of the water skin them off and sprinkle with salted grated cheese. Put them in the oven five minutes and serve.

No scraping, scouring or polishing is needed when you use Diamond or Pearl Ware. Soap, water and a dish towel is all you need. Ask for
