ALASKA IS POINTING FINGER AT PROVINCE

Says Busines in Pulp Which is Hers Goes to British Columbia

The use of spruce logs from the Canadian Queen Charlotte Islands for making pulp and paper in an American Puget Sound pulp and paper mill is a matter that ought to receive attention from those who are making contracts for the sale of pulp timber in Alaska, says the Juneau Empire. The company that is purchasing these logs owns a mill on Puget Sound, and last year, wishing to double its output of paper, sought a satisfactory contract from the government for the purchase of pulp timber in Alaska, intending, if successful, to build the 100-ton mill, required to double its producing capacity, up here. It was not satisfied with a contract that provided for the readjustment of the selling price of timber every five years without the purchaser having a right to be a party to the readjustment. Instead of building a paper mill in Alaska it doubled the size of its Puget Sound mill. Now it is purchasing logs in British Columbia and towing them 400 or 500 miles to its Puget Sound mill.

This would seem to be a concrete case where Canada has profited and Alaska has suffered because the contract offered by the American government fo the sale of pulp timber does not provide one price for timber for the entire period of the timberland lease.

TAX REDUCTION IS PLANNED IN STATES

May Lower Surtaxes But Not Likely Income Tax will be Changed

WASHINGTON, Oct. 22.—Consideration is being given by the Coolidge administration to the question of tax revision at the coming session of Congress. The latest plan to be discussed is a lowering of the income taxes all along the line. This would include lowering of surtaxes on large incomes and reductions on the taxes of the person of small income. Secretary Mellon is giving attention to a plan of this kind and may recommend it to Congress.

Secretary Mellon has recently been told by some of the leaders in Congress that it is useless for him to try to get surtaxes on big incomes lowered, because neither House nor Senate will stand for the proposition. In view of this situation, there are some advocates of reduced surtaxes who take the view that the politic way to succeed is to lower taxes all along the line.

The tax question, in view of the outcry against high taxes, promsies to be acute when Congress meets. It is improbable, however, that any plan to lower the surtaxes on great incomes will be approved by Congress. It may reduce taxes on the small taxpayers and keep those on the wealthy at the same figure they are now. Moreover, there will be a strong movement to revive the excess profits tax and to impose a heavy and graduated inheritance tax.

Camps like the Extra Cream

Up the Fraser Valley, in the centre of a dairying district, is a shop which sells tremendous quantities of Pacific Milk. It seems that several prospect and small logging camps are working in the hills behind this town. Its proprietor says he sells about ten cases of Pacific Milk to one of all the others combined.

MUCH COMMENT ON CANADIAN FINANCES

New York Paper Speaks of Vigor of Canada and Says This is a Rich Country

NEW YORK, Oct. 22.—The fact that the Canadian people subscribed almost the entire $200,000,000 of the recent government loan so impresses the Sun and Globe that it devotes an editorial to admiration of the "vigor" of Canada.

After noting that Canadian investors took more bonds than the government needed to sell, the paper says that the country did not seem to need even the small amount of outside subscriptions that were received.

Candians have a rich country, it says, adding:

"They have a banking and monetary system which the professors of economics used to hold up as an example in our days of annual stringencies and decennial picnics. The combination of stimulating opportunity in the land with shrewd solidarity in the people gives Canada its power to overcome strain and to go on growing while a great part of the world can do no more than gasp for breath. The outcome of the loan offering suggests Canadian credit and industry will rapidly become self-sufficient."

NAVAL MEN ATTENDED SERVICE ANGLICAN CHURCH YESTERDAY

Headed by the band of the North B.C. Regiment, some fifty officers and men of H.M.C.S. destroyer Patrician and mine sweeper Thiepval paraded to morning service at St. Andrew's Anglican Church yesterday where Archdeacon G. A. Rix delivered a sermon appropriate for the occasion. Reference was made to the fact that the day was the anniversary not only of the Battle of Regina Trench but also the Battle of Trafalgar. The National Anthem was sung and "The Last Post" was sounded by Bugler W. Rance.

WHO IS SHE?

Widespread interest and comment is being caused throughout Canada by the amazing life story of "The Wonderful Heroine" in the Family Herald and Weekly Star of Montreal. The heroine of the story is a remarkably beautiful young woman of romantic and tragic history, whose picture in colors is being given free to subscribers of the Family Herald and Weekly Star. When one considers that the subscription price of this big 72 page family and farm journal is only $2.00 per year, one is amazed by the value received, but with a magnificent picture thrown in, the value is indeed superlative.
