You won't cough

After Taking Dr. Wood's Norway Pine Syrup

On the first appearance of a cough or cold do not neglect it; get rid of it at once before it has a chance to grow worse and gets settled on the lungs, causing bronchitis, pneumonia, or other serious lung troubles.

In Dr. Wood's Norway Pine Syrup you will find a remedy that will relieve the cough or cold on its first inception by soothing the irritation, and healing the diseased lining of the lungs and bronchial tubes.

Mrs. Percy McTear, Little Shemogue, N. B., writes:—"Three years ago I had the 'flu' which left me with a very bad cough. I tried different medicines which did me no good, so I took Dr. Wood's Norway Pine Syrup. It relieved me of that awful cough in a short time."

"Dr. Wood's" is 35c and 60c a bottle at all dealers; put up in a yellow wrapper; three pine trees the trade mark; manufactured only by The T. Milburn Co., Limited, Toronto, Ont.

HIGHER FISH PRICE AT EXCHANGE TODAY

Five Boats Marketed 77,000 Pounds of Halibut This Morning

American halibut selling on the local fish market this morning received larger prices than those of last week, the high mark for the day being 18.1c. Five boats with 77,000 pounds sold their catches at the Exchange.

The arrivals and sales were as follows:

Constitution, 25,000 pounds, at 18.1c, and 9.5c, to the Atlin Fisheries.

Norland, 16,000 pounds, at 18c and 9c, to the Royal Fish Co.

Livingstone, 27,000 pounds, at 15.3c, and 8c, to the Booth Fisheries Canadian Co.

Joe Baker, 4,000 pounds, at 15.5c, and 8c, to the Canadian Fish & Cold Storage Co.

Volunteer, 5,000 pounds, at 15.8c, and 8c, to the Royal Fish Company.

DETENTION FOR ALL DISEASED

That is Proposal Made by Meeting at Victoria: Dr. Young's Plea

VICTORIA, Feb. 5. — At the meeting held under the auspices of the Vancouver Island Council for Social Hygiene on Tuesday evening, Dr. H. E. Young gave an address on the need of a detention home for sufferers from venereal disease, his plea being the basis of a resolution, as follows: "That whereas there are persons who are careless in regard to continuing treatment by a registered medical practitioner, or who are vicious, and uncontrolled, and whereas all such persons fail to complete treatment and are a danger to the public health;

"Therefore, be it resolved that a detention home is necessary; that the executive be instructed to consider the type of home adequate to the purpose and that the public be educated to such necessity, and to urge the same upon the government. Further, that the government be urged to appoint follow-up nurses to the clinics already established."

Medical Opinion

"I am of the opinion that such a detention home would have a salutary effect in making sufferers take the treatment at the clinic as the lesser of two evils," said Dr. Young in advancing his plea. "The public still wrongly differentiates between venereal disease and other infectious diseases. You put a man with smallpox in a pest-house. Why not this other, more terrible 'pox,' in the pest-house?"

"Smallpox has not one particle of the loathsomeness of these other terrible diseases. It affects the individual only. Syphilis affects the children from generation to generation. Its horror can be seen in the Marpole annex at Essondale, where 98 per cent of the incurables are there as the direct result of syphilis.

Hideous Heritage

"If a man won't submit to treatment, if he is a detriment to the race, a liability to the state, and if he will persist in propagating children who can never be an asset to the nation because of their hideous heritage, then I say that we should put him in jail and force him to take the treatment which will make him a sound and safe asset to the community."

Glyde Rogers, formerly of this city but now of Skagway, arrived on Saturday night from the north on the steamer Princess Mary and sailed for Anyox on the Venture last night.
