Your judgment in buying oil will give your motor short life or long life.

You insist upon distilled water when you want the purest water for your battery. Because distillation removes the impurities. That's why you should insist upon

## SUNOCO

THE DISTILLED OIL

Most oils are a compound of light oils and heavy "cylinder stock." Sunoco is not a compound but a pure, wholly distilled oil, and it's made in six types. One is best for your car.

It will not break down as most oils do; better lubrication, longer life for your motor. More power because Sunoco makes a piston ring seal that prevents power leaks.

Try Sunoco. Have one of these dealers fill your crank-case today.

### POWER OF SUGGESTION

Travelling is becoming more and more of a fine art. Formerly it was regarded simply as a process of getting from one place to another—most tiresome but unavoidable. Now it is looked upon as a joyful undertaking, a delightful interlude in the regular routine of life, especially when the journey is over the lines of the Canadian National Railways. The keynote of the Canadian National Railways is Service. That service aims to make the passenger as comfortable as possible, and to save him every bit of unnecessary effort. Thinking is a mental effort. Patrons of the Dining Car Service will now find themselves saved that trouble, by a casual glance at the little dodger that is distributed throughout the coaches on all trains to which Dining or Cafe Cars are attached. Upon the dodger, which is printed in both English and French are several suggestions for a suitable combination of dishes for the coming meal. Prices for a complete menu for Breakfast, Dinner and Supper range from 35 cents to \$1.25. The traveller merely needs to decide what he wishes to pay, and upon entering the Dining Car he will find himself served as quietly and satisfactorily as he would in any well-appointed home.

The city council last night granted the Trades & Labor Council exclusive use of the Aeropolis Hill grounds on Labor Day, September 3, for the staging of the annual celebration provided that usual conditions are observed.

The Ketchikan motorship Beltingham was in port from 12.30 midnight to 5 o'clock this morning unloading one carload of fresh halibut and salmon and 120 barrels of herring oil from Alaska for delivery east over the Canadian National Railways. The fresh fish was unloaded at the Royal Fish Co.'s plant and the oil at the lumber dock.

William Goldbloom, the local fur dealer who was the first passenger to step off the new steamer Cardena on her maiden trip from the south last Sunday night, speaks very highly of the new vessel and the service given on board. Mr. Goldbloom, who has travelled on almost every ship on the coast, made the passage from Vancouver. The steadiness of the boat is a feature, he says, and though it was rough in Queen Charlotte Sound she hardly made a tremor.

### An entirely new kind of soap

A new kind of soap. Made of pure materials combined in such a way that it has more cleansing power than soap has ever had before.

It gently soaks loose the most ground-in dirt without weakening a single thread. Even the worst soiled spots need but a light rubbing with Rinso.

Dissolve in boiling water  
Pour into tub of lukewarm water  
Use enough to get big lasting suds

For all the regular family wash Rinso soaks clothes so clean that boiling isn't necessary. But if you like to boil your white cottons, pour enough Rinso solution into your boiler to give you the suds you like.

NOTE: In hard water it takes from 1 to 2 packages of Rinso to a tub to make good suds. In very hard water you will need from 1 1/2 to 2 packages to a tub to get the big lasting suds that loosen all the dirt.
