The first executive meeting of the Prince Rupert Basketball As= sociation will take place tomorrow evening. The first and most important question that the league has to deal with is the securing of quarters. The Exhibition Building has been condemned so they must look elsewhere. The Auditorium is available and it is understood that the Elks are making alterations in their hall which will make it suitable. Likey one of these premises will be chosen. With the venue of the games settled upon; the next business will be the taking of entries for the various leagues and registration of players. Present indications are that the season will be a very active one with competition especially rife among the ladies and juniors.

The Elks are planning on taking out a partition in their present hall which will increase the floor space and make it more suitable for gymnasium purposes. Realizing the need for some sort of an athletic hall in the city, the Brother Bills intend to do what they can to fill the requirement. By doing so they will also be making their hall more commodious for general social use. More baleony space is also included in the alteration plans.

At the 11 o'clock service Arch-|_ deacon Rix spoke on the topic of Thanksgiving with special reference to Canada. He showed how Despite lateness of season. the Dominion had been built up from a God fearing and patriotic British ancestry and made special mention of the early British settlers and the United Empire Loyalists. The land today was extensive and great, a monument to its ancestry and a reason for the greatest of Thanksgiving mated yields based upon Doamong all its peoples.
