### Here and There

The total quantity of sea fish landed on both the Atlantic and Pacific coasts during the month of July was \$22,943 cwts., valued at \$2,771,440 to the fishermen, compared with a catch of 873,382 cwts. valued at \$2,696,730 in July, 1922.

Cattle in north Alberta's livestock herds now number more than 2,000,000. This industry and also the swine industry have increased amazingly in the northern part of the Province in the last few years.

Carrying large consignments from the Dominion Government and the British Columbia branch of the Canadian Red Cross, the Canadian Pacific S.S. Empress of Russia was the first ship from the American continent to arrive with relief for the earthquake and famine stricken people of Japan.

Nearly \$10,000 in fur royalties was collected in The Pas, Man., by the chief game warden last winter. This does not include the royalties collected from the Hudson Bay Company and Revillon Freres, which will more than double this amount. This does not include moneys secured through taxes, licenses and other sources of revenue.

Creamery butter made in Alberta took a total of 143 prizes out of 236 prizes offered, or 63 per cent., at exhibitions at Edmonton, Calgary, Regina, Brandon, Saskatoon and Vancouver this year. Out of 11 open championships offered, Alberta butter took 8. In the Calgary exhibition six provinces competed, in three others four provinces competed, and in two others three provinces competed.

British Columbia has reached the peak of the biggest tourist season in her history, and it is estimated that as a result of the enormous travel and the expenditure of transients while in the province this summer, will be worth at least \$30,000,000. The opening of the Banff-Windermere motor highway through Canada's rock garden was largely responsible for this increase in tourist traffic through the Pacific province.

Gold producers in the Province of Ontario during the first six months of 1923 report production of 384,446 ounces gold and 65,444 ounces silver, of a total value of \$7,244,081 shipped by the Porcupine producers, and from the Kirkland Lake producers 69,691 ounces gold and 5,515 ounces silver, of a total value of \$1,402,873, or from the two camps a total value of \$8,646,954.

The Canadian Pacific Railway will contribute \$25,000 for the relief of the sufferers in Japan and have also decided that supplies of Canadian food-stuffs and clothing donated, or purchased with money donated for relief work, will be transported free over the Company's rail and steamship lines. President E. W. Beatty made this announcement while making a tour over the Company's lines in the West with a party of directors. He added that this action had been taken because of the reports of the intense hardships due to the disaster, and notwithstanding the fact that the Company had lost heavily by the catastrophe.

The following editorial recently appeared in the Windsor "Border Cities Star": A recent cargo of silk, en route from China to New York, was shipped via Vancouver and the Canadian Pacific Railroad and crossed the St. Lawrence to Ogdensburg, New York, instead of being sent across the United States from San Francisco. The incident offers something for Canadians to think about.

It proves what a splendid service the Canadian Pacific offers in its rail and steamship lines. In a country like Canada, transportation is all essential, and the way the Canadian Pacific has carried on, in spite of the business difficulties which began with the war and are not yet smoothed out, is a credit to the nation which conceived it.

Again, the incident calls attention to Canada's splendid gateway to the East. Although China is in a chaotic political condition just now, the huge Oriental nation offers wonderful trade chances in the future. No nation is better placed for getting its share of this business than Canada.

C. A. Moore, accountant in the Northern B.C. cannery at Port Essington, sailed for Vancouver on the Prince Rupert this morning.
