All go on Sale at, per pair

H. S. WALLACE CO. LTD. We Prepay Mail Orders. Phone 9.

Shop by Phone to Save Time and Money. Convinced that by telephone we can sell for less than otherwise, we have decided to put our theory into practice by means of "The Telephone Special."

The special prices quoted in this ad, apply only on orders phoned in, as we have proven beyond doubt that the overhead cost of selling which is the largest item in the expense column of the retail grocery business today is reduced by more than one-half when orders are taken on the phone as compared to those taken on the floor of the store. In other words our records for the past six months prove that the average clerk on the phone can accomplish more than three clerks of average ability in the store, consequently we feel that it is only fair that we pass this saving along to those who shop by telephone.

Shop by Phone to Save Time and Money.

This method along the lines we have explained above, completely explodes many of the time worn and accepted trade principles of the past, and we venture to predict that just as modern inventions have supplanted the methods of olden days, effecting big reductions in cost of manufacture, so also will our policy of lower prices to those who shop by phone supplant the time-wasting method of personal shop-

Every home should have a phone. No longer is the telephone considered a luxury. It is an absolute necessity, and no household can afford to not have a phone. Make the phone pay its way. It will save shoe leather, and possibly a big medical bill from exposure on a shopping trip when the weather is bad. It brings every merchant in this town right to your door, no matter how far away you live.

For Telephone Customers Only.
