Shoes For The Family

Here and There

In 1922 Canada produced minerals estimated to be worth \$180,622,000, an increase of practically \$6,000,000 over the previous year.

A British silk manufacturing firm has decided to establish a large plant near Quebec city for the manufacture of artificial silk yarn.

A train nearly a mile long and drawn by a single locomotive recently carried 165,000 bushels of grain over the Canadian Pacific western lines.

Almost sixteen and a half million bushels of wheat were exported from the port of Vancouver during the period September 1, 1922, to May 31 of the present year, according to figures issued by the Merchants Exchange.

Among the large number of unaccompanied women on the last westward voyages of the Canadian Pacific liners "Montclare" and "Melita" were twenty-three who were coming to Canada to be married in various parts of the Dominion.

An official in charge of the cattle shipments from the Port of Montreal recently stated that nearly 40,000 head of store cattle would be shipped from the port this year. He declared the rush seasons would be the months of August, September and October.

On her last eastward voyage the Canadian Pacific liner "Empress of Canada" established a new trans-Pacific record of 8 days, 10 hours and 55 minutes from Yokohama to Vancouver. The previous record, 8 days, 18 hours and 31 minutes, had been held since 1914 by the "Empress of Russia" of the same line.

If public deposits in banks and loan companies can be taken as a fair indication, the Canadian is the world's richest man, according to a statement made by F. A. Hatch, retiring president of the Ontario division of the Canadian Manufacturers' Association. These deposits amounted to more than two billion dollars, or \$250 per capita.

According to a report of the Dominion Bureau of Statistics, 62,273,169 tons of railway freight originated in Canada in 1922, and 26,581,631 was received from foreign connections, making a total of 88,854,800 outgoing. Also 62,548,578 tons terminated in Canada and 25,428,906 were delivered to foreign connections, making a total of 87,984,484 tons.

A distinct type of sheep, adapted to prairie range conditions and said to possess superior wool and sheep qualities, has been developed by R. C. Harvey, an Alberta sheep raiser. It will be known as the "Romelle," and has been evolved after eight years' experimenting with crosses of the Romney-Marsh with the Ramboillet. As evidence of the wool production from this species, Mr. Harvey's annual clip is 120,000 pounds.

That Canada was gradually becoming more and more of an industrial country, and that Canadians themselves were not truly aware of the fact, was the opinion expressed before the Winnipeg Rotary Club by Prof. R. C. Wallace, of the University of Manitoba. He stated that during the past twenty-five years the population of Canada had increased 80 per cent., the railway mileage 120 per cent., while the industrial life of the country increased 700 per cent.

St. Hyacinthe, Que., has the distinction of having developed the world's largest organ plant, and by native invention and improvements evolved an instrument which received praise from the world's first artists. An organ recently shipped by Cassavant Freres of that place to Paris, France, is absolutely the first to leave the American continent for Europe, the movement having heretofore been in the opposite direction, and was so shipped because the purchaser desired the finest and most up-to-date instrument that could be secured.

either," replied Ald. Macdonald. **Recommendation Adopted**

The wordy debate then fell flat and the amendment for \$80 salary for Miss Beale was put. It was lost, only Ald. Mackenzie and Ald. Macdonald voting for it. The finance committee's recommendation for \$60 salary was then adopted on a similar division.

A recommendation from the finance committee that the application of Miss Mary Astoria for an increase from \$80 to not be entertained was also received and was adopted, Ald. Mackenzie and Ald. Macdonald voting against it. Ald. Mackenzie wanted to know why the treasurer had recommended an increase for Miss Astoria but Acting Mayor Stephens refused to have the treasurer advised of the like of which have not disturbed the serene air of the council chamber for many a long day. It all came up in a seemingly innocent discussion as to whether or not Miss Hilda Beale, successor to Miss Hilchey as clerk in the treasurer's office, should receive a salary of \$60 or \$80 per month.

The finance committee presented a recommendation that Miss Beale be engaged temporarily at a salary of \$60.
