DISTRICT EXHIBITS MAKE FINE SHOWING AT FAIR: JUDGES APPRECIATIVE

(continued from page one)

of what was expected.

Mr. Ankatel Jones recommended that greater space should be allowed next year for the district exhibits and that it would be better if all were placed in line.

Dr. W. W. Alton was the second judge of the district exhibits.

The representatives of the various districts seemed to be satisfied with the awards made.

District Representatives

"The great agricultural district around Hazelton is amply exemplified and proven by our display," stated J. Scott Galloway who, with R. S. Sargent and Mrs. J. C. K. Sealy, is in charge of the district exhibit from there. "There is room for thousands of people on the land within a radius of 20 miles of Hazelton. There is a large area of land awaiting settlement there and all we want is the people. The agricultural possibilities are amply demonstrated by means of our exhibit which has just taken first prize."

"I am especially proud of our grain exhibit," said R. J. Black-

WHO FIRST FELT "LIKE A FIGHTING COCK"?

COCK-FIGHTING was born with the cocks.

But it is only 80 years ago that the first man felt "like a fighting cock!"

Now he has brothers, sisters, nephews, nieces, all over the world—all feeling "like a fighting cock!"

It happens this way: A person half sick with bad stomach, dull and heavy headache, takes Beecham's Pills just before going to bed. Immediately the Pills begin to harmonize the digestive and eliminative organs.

Consequently, this person has a good night's sleep and arises in the morning with clear brain, bright eye, keen appetite, and full of energy for work and play.

It is now just 80 years since Beecham's Pills first began correcting disordered stomachs and stirring sluggish livers and bowels to natural activity—and feeling "like a fighting cock" is associated as inseparably with Beecham's Pills, as the pills are with good health.

burn, vice-president of the Prince George Agricultural & Industrial Association, who is in charge of the display from Prince George district. "Three years ago when I went to Prince George they said I could not grow wheat. Now it is being grown wherever the seed is thrown and thousands of bushels of grain a year are being produced. We lost points because we did not have fruit. Though small varieties such as strawberries, etc., are grown with success at Prince George, we do not go in for the larger type such as apples, etc."

Queen Charlotte Islands

Mrs. F. H. Carpenter, in charge of the Massett exhibit, pointed to the difficulties that attended transportation from the Queen Charlotte Islands to the Prince Rupert Exhibition. The display exhibited had been picked last Thursday and had come here from the Massett Fair which was held last Friday. Mrs. Carpenter pointed to the good display of grains and natural grasses in the Massett exhibit and stated that a special effort had been made with regard to wild grasses.

"I have learned a great deal at this Fair," said Mrs. Carpenter, "and we will do better next year. In making our display we went more for quality than display."

"I have lived for ten years on the Islands and will be happy to live there the rest of my life. Eventually we will grow fruit with great success. It should be remembered that Massett is perhaps the youngest district exhibiting at the Fair."

PRIZES AWARDED FOR FAIR STREET PAGEANT
