## TELEPHONE SPECIALS

**Shop by Phone to Save Time and Money.**

Convinced that by telephone we can sell for less than otherwise, we have decided to put our theory into practice by means of "The Telephone Special."

The special prices quoted in this ad. apply only on orders phoned in, as we have proven beyond doubt that the overhead cost of selling which is the largest item in the expense column of the retail grocery business today is reduced by more than one-half when orders are taken on the phone as compared to those taken on the floor of the store. In other words our records for the past six months prove that the average clerk on the phone can accomplish more than three clerks of average ability in the store, consequently we feel that it is only fair that we pass this saving along to those who shop by telephone.

**Shop by Phone to Save Time and Money.**

This method along the lines we have explained above, completely explodes many of the time worn and accepted trade principles of the past, and we venture to predict that just as modern inventions have supplanted the methods of olden days, effecting big reductions in cost of manufacture, so also will our policy of lower prices to those who shop by phone supplant the time-wasting method of personal shopping.

Every home should have a phone. No longer is the telephone considered a luxury. It is an absolute necessity, and no household can afford to not have a phone. Make the phone pay its way. It will save shoe leather, and possibly a big medical bill from exposure on a shopping trip when the weather is bad. It brings every merchant in this town right to your door, no matter how far away you live.

### EITHER WORK OR LEAVE IT

No Half Way Measure Can Continue Here Longshoremen Are Notified

Local shipping officials this morning notified the I.L.A. that there would be no half way method in connection with the longshoremen's strike. The men would either have to handle the cargoes of all ships or none at all.

Notification to this effect was given at a conference between N. B. Walton, C.N.R. superintendent; Reginald Beaumont, C.G.M.M. local superintendent; A. S. Paul, manager of the Pacific Stevedoring Co.; F. W. Reich, secretary of the local longshoremen's union; and Charles Lang, also of the union.

Asked by the officials what the intention of the union was, the union representatives stated that they would not unload ships loaded by unfair labor as long as the strike was in progress, but they would handle other freight. They were notified that they would have to handle everything or nothing.

The shipping concerns expect to have no difficulty in handling the boats here. Volunteer labor will be used until the strike is ended.

### HOARDED GOLD IS BEING PAID INTO ENGLISH SAVINGS

LONDON, Oct. 17.—Gold which has been hoarded for years is being dug up in this country and paid into the savings banks. People in town and country, men and women, are finding gold with which to purchase savings bank certificates. For many years this gold has lain idle and the interest which it would have brought has been lost. Compounded in many kinds of securities this money would almost have doubled itself in ten years.

### ESQUIMALT ANXIOUS TO BID ON VESSELS FOR C.P.R. FLEET

VICTORIA, Oct. 17.—At a meeting of the Esquimalt Board of Trade at the Sailors' Club recently, R. H. Pooley, M.P.P., and Reeve Lockley, were appointed a committee to interview Norman Yarrow, of Yarrow, Ltd., in regard to the feasibility of building the two new ships for the Canadian Pacific Railway in British Columbia. The committee was instructed to enlist the co-operation of the Chamber of Commerce, and to make every effort to convince the Canadian Pacific Railway officials that Pacific coast yards should be given an opportunity to bid on this work.

### BRITISH FARMERS ASKING PROTECTION

LONDON, Oct. 17.—The British farmers declare that unless they get a measure of protection so that they can afford to raise grain they will turn millions of acres of arable land into pasture. This will release a large part of the present employed and accentuate the critical unemployed situation here.

The present government is said to be pledged to free trade at present so it is difficult to know what will happen.

### ANXIETY IN INDIA OWING TO CRIMES

Political Plotters Said to be Involved in Acts of Violence

CALCUTTA, Oct. 17.—In protesting the Bengal Legislative Council, Lord Lytton, the Governor, voiced a note of anxiety and warning regarding the recent recrudescence of violent crime in Calcutta and other parts of the province. These outbreaks are attributed to the work of secret revolutionary societies, having as one of their aims the assassination of government officials.

"The crimes of violence which have in the last few months deeply shocked the public of Calcutta have been generally assumed to have been the acts of ordinary criminals. The latest murder in the post office at San-karitolla and the trial and conviction of one of the gang who committed the murder has revealed to the public the workings of organized revolutionary societies of which Bengal has had such an unhappy experience in the past. The revival of a menace, which many will remember as a hideous nightmare, and which everyone had hoped had gone forever, has created a situation in which the government will require, to an exceptional degree, the support of the public.

"The contaminating influence of these gangs of fanatical idealists, who adopt terrorism through robbery and assassination as their weapon, is a danger to the younger generation from which no family can feel altogether immune."

### WELL KNOWN FIGURE ON STREET ARRESTED

Alex. Stewart Pleaded Guilty to Vagrancy Charge This Morning in Police Court

Alex. Stewart, well known character of the city street, fell into the hands of the police last evening and this morning pleaded guilty in Magistrate McGlymont's court to a charge of vagrancy. Sentence was reserved until tomorrow.

Stewart's arrest was made last night following a phone call from Joe Sigmund, Graham Avenue, who said that a man was lying on the street in front of his house apparently dead. Sergeant McIlnechy summoned Dr. J. P. Cade, city doctor, and Constable Macdonald and proceeded to the scene. Stewart was found prone on the street in a very intoxicated condition. He was taken to the lock-up instead of the morgue.

### YOUTHS IN BERLIN TOOK CHANCES AND BECAME VERY RICH

BERLIN, Oct. 17.—A majority of the automobiles owned in Berlin are the property of persons between 20 and 25 years old. Youth has availed itself of the gambling chances which have presented themselves in the kaleidoscopic changes which have come in the financial situation in Germany, and most of the new rich are youngsters.

Many of them are not Germans. The fortunes earned by some of these speculators are reported to be enormous, and their expenditures are lavish. But the methods of most of these get-rich-quick chaps are of a sort which will probably be wholly out of the picture when Berlin gets its currency stabilized.
