President Should Visit Prince Rupert.

Now that the claims of the Alaskans regarding the necessity of using this port as the rail outlet for their products has blade and early crops are heading of the Schwabacher-Frey Stationbeen so forcibly impressed upon President Harding and party, it is only to be regretted that the first citizen of the damage from hail in some dis-previous excursions for domestic United States has not decided to visit Prince Rupert. Such a visit would still further back up those claims and would serve District: Favorable conditions will be in line for duty incident to more emphatically impress upon the president the strategic continue with sufficient mois- to the upbuilding of commerce. advantage of the port in regard to Alaskan shipping.

Reports of a reliable nature indicate that some changes in rust but less humidity and cooler many of the business men being present shipping laws of the United States may be forthcoming weather would be welcome. Hail accompanied by women members providing for the lifting of restrictions that now prevent the full headed out. Winter rye harvest- Michael S. Alexander, of the use of the port as the clearing place for Alaska's business. This ing will begin next week. Other firm of L. & M. Alexander, typewould mean a great deal to Prince Rupert and would be of no grains doing well. Pasture good. | writer dealers, and W. J. McGee, less advantage to Alaska itself. The present "iniquitous restrictions," as many Alaskans are pleased to term them, have been largely brought about by business interests selfishly striving to divert shipping to Seattle via Ketchikan. To serve that end be good average, root crops are fellowship tour to Alaskan and other interests are being sacrificed. The sooner this petty rivalry doing well and a good yield being Siberian ports. ceases and a spirit of co-operation between Canadian and Alaskan interests replaces it, the better off will the Alaskans as a whole be. The president and his party have it in their hands to do much towards removing these difficulties.

Visit Of Grain Board To Port.

The Grain Commission, which it is announced will visit age. Hay is a big crop. Har-Prince Rupert this fall in the course of its investigations in the vesting has been slightly retard-West, may do much towards getting this port used as a grain ed by the wet weather. All grain shipping centre and it is important that steps should be taken well. Root crops are making a to point out to the board the natural advantages of Prince Rupert good showing.
