RESISTING JEWISH REFUGEES DUMPED AT HAMBURG

Lower and Rougher Phase of S-S-Yank Relations Is Seen

CLEANS UP SENIOR BALL THREE STRAIGHT

Minor Simundson, Savoy's steady-going centre fielder, became the city baseball play-off hero Sunday evening when his hit drove Herbie Morgan home making a nine-all deadlock with Moose in the ninth inning of the third game of the series. Savoy had the afternoon game, 8 to 3. The first game had been won by the hotel men 3 to 2. They thus took the series straight. The final game was a tough one for the Moose as they had had Savoy dig dirt all the way to the left field when the hotel men tallied three runs and tied things second. Neither team scored in the second inning but Moose added another run and Savoy three in the third to make the score 5 to 4. Dahl scored for Moose when he got a hit, stole second and third and registered on McNiece's single over short stop. Savoy tallied when B. Simundson singled, stole second, and crossed the plate on Davis' one bagger through second. Pavlikis sent Davis in with a triple base hit to left field. Pavlikis scored when McNiece juggled Foster's drive. In the fourth inning Moose collected two runs. Dunbar walked, Rosedale drove one through Arney, McKinnon singled, Abel hit over second and Dunbar came home on it. Dahl popped out, Henry drove a hot one to Arney who recovered and tagged third forcing McKinnon out but allowing Rosedale to score. Savoy also tallied two runs in the fourth when Morgan, replacing Postuk, singled, Bill duplicated, M. Simundson filled the bases when McKinnon muffed his drive and Davis clouted a deep single bringing home Morgan and Bill. (Continued on Page Four)

WASHINGTON, D.C. (CP)—Diplomatic officials predicted today that American relations with Russia are likely to enter a new and rougher phase at the United Nations general assembly opening in New York next week. A whole series of dramatic developments, heightening Russo-American differences and bearing vitally upon related problems of the European economic crisis, are in prospect before and after Secretary of State George Marshall leads the American delegation to the Assembly meeting. Foremost among these developments will be the Truman administration's decision on whether to call a special session of Congress to consider a temporary aid fund for Europe. This would be an advance against billions which the administration hopes Congress will provide early next year for a long-term Marshall recovery program.

AIRCRAFT MISSING

United States Machine Believed to Have Met With Disaster off Queen Charlottes

A United States aircraft which left Annette Island today for Rose Harbor is missing and may have come to grief in the vicinity of Rose Harbor off the south end of Queen Charlotte Islands, according to fragmentary reports in the hands of the provincial police.

First word of a possible aircraft mishap in this vicinity came this morning with the receipt of advice that a United States Army aircraft flying at 17,000 feet, had sighted a light single-engined plane painted yellow "disappear into clouds in a trail of smoke" at 9:45 miles east of Rose Harbor. There was no other identification up to mid-afternoon. It is believed to have been an American plane flying independently.

The Royal Canadian Air Force and the United States Coastguard were advised and the latter have already had a flight out from Annette Island to the region. It was turned back by bad weather. Coast stations and shipping have been advised to be on the look-out for further trace or information.

Cholera Hits At Refugees

NEW DELHI, (CP)—Dreaded cholera struck today among thousands of fleeing refugees trekking across hot, dry plains of partitioned Punjab where in the last three weeks an estimated 200,000 have died in the bloody religious war.

In a dispatch from Lahore, Reuters News Agency said the disease hit the mass exodus of refugees already weakened by exposure, under-nourishment and exhaustion.

Barbed wire enclosures, under police guard, were hurriedly set up at the border town of Kasur, 40 miles southeast of Lahore, as a preventative measure for Moslem refugees arriving from east Punjab who will be quarantined until they are inoculated.

COAL STRIKE IS SPREADING

BARNESLEY, England. — A strike in Britain's nationalized coal mines spread from southern to western Yorkshire mines today, reversing the partial back to work movement which had given rise to hopes for settlement. Two thousand miners at Prince of Wales colliery, Pontefract, began a sympathy walk-out at the start of the afternoon shift. The colliery is the first in West Yorkshire to be affected. It has a weekly production target of 11,800 tons. At Grime-thorpe, where the strike started, 2200 miners rejected an appeal to return to work. The total of miners idle today is 43,000.

British Soldiers Use Force Making Them Quit Vessel

HAMBURG (CP)—British soldiers, swinging truncheons, bodily dragged resisting Jewish refugees of the Exodus 1947 from a British transport today and loaded them on trains which carried them to Poppendorf displaced persons' camp near Luebeck. The first train reached Poppendorf late, after being stopped enroute, a British official said, because the refugees had torn the iron bars from the windows, apparently for use as weapons. Armored cars were standing by at Poppendorf but the refugees refused to leave the train.

Week of Destiny

LONDON. —Prime Minister Clement Attlee, facing what the British press called "Britain's week of destiny," returned to 10 Downing Street today to resume the reins of government an approved final details of a revolutionary export-boosting plan proposed by Sir Stafford Cripps, president of the Board of Trade. During the potentially history-making next five days, London, for many officials, will be a multi-ringed circus of national and international discussion aimed at breaking dollar difficulties.

Storm Hits South Coast

Tempest Wrecks Vessels—First Real Autumn Sea Fury

VANCOUVER, (CP)—Storm-lashed seas continued to pound the Lower Mainland of the Pacific Coast today, raising fears for the safety of several fishing boats operating off the southern tip of Vancouver Island while the United States Coastguard announced that twelve persons had been rescued from a powerless fishing boat, the Tradewinds Sea Fisher, about sixteen miles north of Depoe Bay, Oregon. The cutter Bonham towed the Sea Fisher to Depoe.

Saturday night the Northwest's first autumn storm sank the Seattle fishing vessel Smokey off Vancouver Island but the Canadian troller Dash in took off two men aboard and landed them safely at Bamfield on the West Coast. Coastguard officials at Seattle said the 50-foot vessel Quest sought help Saturday night when her engine was disabled and a motor lifeboat stood by overnight until repairs were made, the Quest proceeding safely under her own power. Also off Grays Harbor the Alice B. put in a call for help and the cutter McLane towed the disabled craft to port.

BING CROSBY WINS GOLF TITLE AT JASPER IN THRILLING FINISH

JASPER PARK — Bing Crosby, world famous screen star, crooner and good sportsman, pulled the greatest stunt of his spectacular career here on Saturday afternoon when he won the eighteenth annual Totem Pole golf championship with a birdie that flew from the back of the green right into the cup. His final opponent was Gordon Verley of Uplands Golf Club, Victoria. He had put his third shot 18 inches from the cup with a magnificent 50-foot putt and was dead for a par four. Crosby put his second over the green.

With close to a thousand people densely packed around the eighteenth green and the match all squared at the 36th hole, Bing

proceeded to chip the ball back. It took a couple of bounces and galloped right into the cup in one of the most electrifying shots ever seen on a golf course as it carried with it the championship of 1947. The crowd went wild and almost mobbed the famous crooner. "The greatest golf thrill of my life," said Bing.
