A Reputation Over 30 Years Old!

We will not accept goods at prices that we know will not give you FAIR VALUE

No, we're not superman but we do know how to run our business. FIRST: We spend over half each year searching the market at direct factory sources until we secure the best values for quality goods. SECOND: We try not to cater to charge accounts because charge accounts in any volume can only mean additional cost of operation. THIRD: We do not have Budget Accounts as, from our experience, somebody must pay the extra expense of budget accounts.
