BASEBALL SCHEDULE
August 3—Watts & Nickerson vs Moose
August 5—Savoy vs Watts & Nickerson
August 7—Moose vs Savoy
August 10—Watts & Nickerson vs Savoy
August 14—Moose vs Watts & Nickerson
August 17—Savoy vs Moose.
Team last mentioned is to be the Home team.
Frank McDonald left this morning for the Skeena River to be away for about a month. Mr. McDonald who has been troubled with rheumatism, is in hopes that the rest and change will be of some benefit.

THANKS TO UMPIRES
The ball had been hit hard to shortstop fielding fairly deep. However, he got it under control and made a fast throw to first. "Out," yelled the base umpire and his hand shot up in the air. There was a howl from the stands, mostly from the supporters of the side at bat, a cheer from the supporters of the fielding team and, generally speaking, a lot of heated arguments. All this was clearly heard but there was one comment not generally heard. It was made by the baserunner who had just been called out. He made it to the base umpire as he passed him on his way back to the players' bench. "It was a close call ump, but you were right. I was out." And the umpires are right.

know if the umpire is blind, one moment, and the next moment assure him that "that was a good call, ump." This is all part of the game and no one resents it, least of all the umpire.
A second kind of spectator is the one who can find fault only when the decision is against his own team. This type is a poor sport and is a handicap to the game. He is not helping his team, nor the sport.
Then there is the third type who is grossly bad-mannered and ignorant of the rules of the game. This person should be removed from the stands but, inasmuch as the Gyro Ball Park is not fenced in, so that this type of person might be fenced out spectators and players and the umpire have to put up with him. Yet when this same person is invited to come down and do a bit of umpiring, he declines.
But surely we can all be good sports and give the umpires a break. They deserve our support and we need them.

GYROSCOPE IN FASTBALL WIN
In the Girls' Supervised Playground activities the fastball game between the Gyroscopes and the Aiderettes resulted in another win for the Gyroscopes by a score of 29-12.
Teams were as follows:
Gyroscopes — Isobel Taylor, Alice Paulson, Mary Keyes, Janet Rackow, Eileen Jerstad, Joyce Peterson, Hazel Paulson, Margot Melgard, Enid Sather.
Aiderettes—Anita Brue, Barbara Moore, Vera Wouden, Roberta Paul, Dorothy Hibbard, Bernice Hood, Agnes McIntosh, Eleanor Hood, Norma Montgomery.

One of the ever-present problems of an association is to get umpires. As far as the fastball association is concerned it has been fortunate in having been able to obtain the services of Wally Tandon, George McWhinney, Alex Bill, Johnnie Comandina and, of course, Neil Ross, behind the plate. Others have helped with the base umpiring. These officials have given their time, and made use of their knowledge of the game in order to help the play along. Are the spectators appreciative of their work?
There are three kinds of spectators and, indeed, of players, as far as "baiting the umpire" is concerned. There is the kind who in a good-humored way criticizes the decision. They want to

KNOW YOUR TREES

Douglas Fir
(*Pseudotsuga taxifolia*)
also known as Oregon Pine and Douglas Spruce.

A coniferous tree which prefers fresh, well-drained, porous, deep, loamy soils, avoiding saturated poorly-drained, heavy soils. Most gigantic tree of the Pacific Coast forests, with the exception of the great Sequoias of California. Commonly grows from 150 to 200 feet in height with diameters from 3 to 6 feet. Has wide range in the interior of B.C., but chiefly confined to lower part of coastal region.

Very valuable for construction timbers. Also suitable for normal lumber products, finishing lumber, spars, veneer and pulp.

\$94,000,000
is invested in the Pulp and Paper Industry in British Columbia. Greater than any other B.C. industry.
